Plot to Murder Keeper and Have JAIL BREAK

OTHER CITIES BUILDING SPLENDID NEW HOTELS

Sacramento and Stockton Are Erecting First-Class Hotels---What a Little Texas Town Is Doing.

Port Arthur, Texas, feels the need of a first-class hotel, and is building one to cost $300,000, which is equal to a $400,000 investment in California. The citizens of the town organized a joint stock company, subscribed the money and have gone to work. They are not pausing to debate about the wisdom of going ahead, nor have the projecters of the enterprise got cold feet or paralysis of the financial nerve.

Port Arthur is a budding seaport of some 15,000 inhabitants situated on Sabine Pass, the Gulf outlet for the Beaumont oil region. It is the tidewater terminus of the Kansas City Southern Railroad, in which John W. Gates is heavily interested, and will soon be connected with the Southern Pacific system by a short line from Beaumont. It is a shipping point for large quantities of oil, cotton, lumber and rice but it is only in its commercial infancy, having only been recently provided with a deep water channel by the government. Although its inhabitants scarcely number 15,000 they are building a hotel worthy of a city with ten times her population.

There is something inspiriting for Oakland in the example of this little Texas city, hardly out of its swaddling clothes. The pluck and vigor it displays are worthy of admiration and emulation.

Work is being pushed on the new $500,000 hotel in Sacramento. The foundations were hardly laid before the hotel was leased for a term of years at a rental that will return a net profit of six per cent on the investment. Yet Sacramento has several fair second-class hotels of the old type, among them the Capital, the Golden Eagle, the Western and the State House. The population of Sacramento is little above 40,000.

In Stockton a joint stock company, similar to the one organized by the bankers of Oakland, is building a hotel that will cost $300,000. Contracts have been let and the work of construction is proceeding rapidly. The projectors have not allowed doubts to discourage them. Although Stockton is a city of only 30,000 inhabitants and is not regarded as a hotel town, her business men and property owners have decided that a modern hotel of the first-class is a necessity and they have put the money up to erect one. Since the day the enterprise was launched there has been no suggestions of failure. While we are pausing to talk matters over they are going ahead.

The mechanics of Oakland are taking great interest in the Bankers' Hotel, and are boosting for it all along the line. There is no more intelligent men in the community than the machinists and steam engineers, and at the last meeting of the Machinists' Union a strong resolution in favor of completing the hotel was adopted. Here is the official report of the proceedings:

MACHINISTS WANT THE HOTEL.

"At a regular meeting of Oakland Lodge 284, International Association of Machinists of Alameda county, the matter of the Bank-

TO SHOOT OFFICER DOWN

Schemed to Release the County Prisoners After Slaying Deputy.

Officials Search for Revolver Thought to Be Concealed in Temporary Jail.

A plot to murder George Boisson, deputy jailer at the County Jail, and set free all the prisoners has been discovered by Chief Jailer White and his deputy Charles Clark just in time to frustrate an uprising on a wholesale scale.

This astounding revelation followed closely on the discovery made two days ago, of a hand saw and eight blades in the cell of Sylvester D. Armour, a convicted burglar with a desperate record. Sweating of prisoners by White and Clark brought to light the fact that the scheme for a general delivery of prisoners had been hatched for weeks and that the moment for its accomplishment was at hand.

The plan was to summon Boisson into the cell of Armour on the pretext that he had a knife concealed. Bois-

TRAGEDIES OF FIRE GROW

ALPENA, MICH., OCT. 17. — WITH TWENTY-SEVEN PEOPLE KNOWN TO HAVE PERISHED YESTERDAY IN PRESQUE ISLE COUNTY AND WITH FOREST FIRES STILL RAGING UNCONTROLLED THROUGH THE COUNTIES OF CHEBOYGAN, PRESQUE ISLE AND ALPENA, AS WELL AS IN OTHER SCATTERED DISTRICTS OF NORTHERN MICHIGAN, DILIGENT SEARCH HAS BEEN BEGUN TODAY TO DETERMINE THE FULL EXTENT OF THE HOLOCAUST.

It may take many days to reveal the tragedies that are likely to have occurred on isolated farms, with families fighting bravely to the last to save their lives and their homes. The property loss will run into the millions. Whole villages have been blotted off the map and logging camps by the dozen have been destroyed with their entire season's output.

Kills Woman AND THEN TRIES SUICIDE

(Special to The Tribune.)

SAN FRANCISCO, Oct. 17—Intoxicated with the desire for revenge upon the woman whom he claims came between himself and his wife, Michael Borsos at 10:20 o'clock this morning shot and instantly killed Mrs. Augusta Towle, manager of the Brown Palace Hotel, at 570 O'Farrell street, and then, turning the weapon upon himself, made a frantic attempt to commit suicide and later to escape by jumping out of a second-story window.

SYLVESTER D'ARMOUR, who INSTIGATED THE PLOT

Deputy Sheriff and Prisoner Who Started Plot to Slay Him and Release All Inmates of the County Jail.

CAUGHT BY POLICE.

The murderer was captured by Policemen Maloney and Hurd, who dashed up to the scene accompanied by Captain Duke in the patrol automobile just as the culprit was making a hurried escape through the front door.

Borsos entered the hotel shortly before half past ten, and without saying anything to the clerk, passed directly to room number 100, which is the private apartment of Mrs. Towle, and without warning opened the door and fired one shot, striking her in the right cheek, the bullet penetrating her brain and causing instant death.

TRIED SUICIDE.

No one was witness to the shooting and it was not until the shots were heard that anything unusual was suspected. After seeing that his work was well done, Borsos took the weapon, a 38-calibre, Smith & Wesson, and, turning it on himself, fired one shot which grazed his cheek, and then another, which inflicted a glancing wound on the left breast and left arm. He then ran down the stairs, past the clerk's desk, waving his revolver aloft, and running to the back of the hallway, threw open a window and prepared to jump out. Evidently the distance appeared too high

Turkey Mobilizes Troops; War Believed Inevitable

PARIS, Oct. 17.--The French foreign office has just received official confirmation of previous reports of the mobilization by Turkey of the Anatolian army corps.

This is regarded in official circles as Turkey's answer to Bulgaria's refusal to accord compensation for the Oriental Railroad, and it is believed to make war practically inevitable.

It is expected that Bulgaria immediately will begin to push troops across the Turkish frontier in order to secure an advantage before Turkey can begin a general mobilization.

WATERSPOUT 1000 FEET IN HEIGHT SWEEPS ALONG CALIFORNIA COAST

OCEAN PARK CAL., OCT. 17. — A GIGANTIC WATERSPOUT THAT GATHERED UP THE OCEAN FOR NEARLY HALF A MILE IN EXTENT AND HELD A SEETHING COLUMN OF WATER A THOUSAND FEET IN THE AIR, WAS WITNESSED BY MANY PERSONS WHO STOOD ON THE PIERS, WHILE THE DEMONSTRATION WAS IN PROGRESS, THIS MORNING.

Clouds, densely black, gathered in the sky half way between Point Vincent on the south and Pint Firmin on the north and sweeping down toward the water became every moment of a more intense inky color and lashed the waves into a fury that leaped high into the air.

On either side of the great water spout smaller ones could be observed of much less quantity, while beyond this point the sky and atmosphere seemed to be unusually clear. After a few minutes the huge column of water tumbled suddenly and disappeared and the sky cleared.

FRUITVALE, Oct. 17.—The slumbers of Jailer Quigley were interrupted between midnight and dawn yesterday by a vigorous pounding and kicking against the door of the local lock-up, and upon investigation he found that Joseph Weiss, who a fe wdays ago was lodged in the jail on suspicion of being insane and later released, was the disturbing element.

Weiss begged and pleaded with his former keeper that he put him back in jail again, where, he said, he always received good treatment. But Quigley was obdurate and telephoned for Deputies Becker and Riley to take care of the unfortunate man. Weiss was put on board the last train for San Francisco and told not to get off until he reached his destination.

OTHER CITIES BUILDING SPLENDID NEW HOTELS

(Continued From Page 1.)

ers' Hotel project, which, in the estimation of the union, is one of the most important enterprises launched in Oakland for years, and which promises to be a great factor in the upbuilding of our city, met the most hearty approval of the union representing the hundreds of men within the affiliation.

"The following resolution was unanimously adopted:

"Whereas, A large proportion of the depositors in the savings banks belong to the laboring class, it is to the interest of both banks and depositors that support and encouragement be given to all large enterprises that will give employment to the mechanics and laborers of the city. As it will put more than a million dollars in local circulation and stimulate building operations all over the city and invite an influx of outside capital that will be invested in Oakland, the working men of Oakland are personally interested in the completion of the Bankers' Hotel.

"Therefore, Be it resolved that the bankers of this city be urged to immediately start the erection of this favored enterprise, and use every reasonable endeavor to have contracts for the new hotel let as soon as possible, so that the work can proceed at once and employment given to idle mechanics, and the interests of workingmen and small property owners be served.

"And further be it resolved that a copy of this resolution be presented to the directors of the new hotel company and to each of the banks of the city and the press."

KILLS WOMAN

for him and he came back and ran down the front stairs.

POLICE SHOOT AT HIM.

In the meantime, as soon as the shots were heard, the clerk telephoned to the Central station that a woman was being robbed and murdered. Captain Duke and Policemen Hurd and Maloney jumped into the police auto and dashed to the scene just in time to catch the murderer. At sight of the police Borsos made off up the street and Policeman Hurd fired a shot at him, which, however, did not take effect, but caused him to throw up his hands and surrender himself into custody. He had already thrown away a large revolver and still had a small pistol, which, however, was worthless as a weapon of defense

MURDERER'S STATEMENT.

After being taken into custody, Borsos made a statement which is in part as follows:

"I came, about 10.25 this morning, to the Brown Palace Hotel, bringing two pistols, one my own, and the other a cheap weapon which was in the free market where I am employed as a watchman. I came to kill Mrs. Towle because she advised my wife to leave me and I do not know where she is."

WOMAN WELL-KNOWN.

Mrs. Towle, the dead woman, was formerly proprietress of the The Decker, and Mrs. Borsos, the wife of the man under arrest, was in her employment The woman had frequent trouble with her husband and at length came to Mrs. Towle for advice. The latter told her she had best leave him and she did so. This was about two years ago, and ever since then the man has held a rankling within him and has been looking for a chance to get even with Mrs. Towle. About two months ago he raised a disturbance at the hotel which is at 570 O'Farrell street. He was arrested by Policeman Maloney for disturbing the peace and later fined $10 in the police court by Judge Shortall.

Borsos' wounds are not dangerous and he will be able to be locked up at the city prison today.

Mrs. Towle was forty years of age. Her husband died some time ago.

SOLD YACHT; IS REBUKED BY COURT

Louis F. E. Hartman Flayed by Judge Brown and Ordered to Return Vessel to Alameda.

Louis F. E. Hartman, cousin of the late Jules Hartman, Jr., who committed suicide aboard an ark in the estuary last August, was scored by Superior Judge Everett J. Brown yesterday in court for selling the yacht Bonita to a Sausalito yachtsman for $190.

Not that the boat is worth about $750, according to testimony of expert witnesses, did Judge Brown rebuke the young man, but because he practiced an alleged fraud on the court and sold the Bonita on the strength of special letters of administration granted him a few weeks ago. The court declared that Hartman had no right to sell the Bonita and ordered him to return the craft to Alameda immediately, whether it required an expenditure of $190 or a larger amount.

Public Administrator Gray, through Attorney A. J. Flood, was granted letters of administration today for the Hartman estate and the special letters granted to Louis Hartman were revoked.

Men Flee While Children Die With Mothers in Fire

BAY CITY, Mich., Oct. 17.—Wesley Irwin, a Bay City traveling man, one of the survivors of the Metz relief train disaster, gave a thrilling account of the forest fire tragedy. He said

"The train left Metz about 6 o'clock Thursday evening and ran into the fire three miles south of that place A burning pile of cedar had warped the rails and into the trap the train leaped, carrying its human cargo to destruction. The five box cars immediately took fire and it was with difficulty that the 200 people in them escaped. In a deep-bodied steel coal car were located the women and children and as the heat increased they were unable to escape. Men were forced to seek places of safety and could give no aid. The pitiful cries of the women and children reached the ears of the fleeing men, calling pleadingly not to be left alone in that seething furnace.

"A party of seven of us took to the woods and were forced to jump over burning logs and run through fire to make our escape."

PROSECUTION IN S.F. TOO SLOW, HE SAYS

Capitalist Asserts That Failure to Hurry Is Hurting City Across the Bay.

NEW YORK, Oct. 17. — "The graft prosecution should get busy and do something. This absence of results and the prolonging of the publicity of our graft troubles is hurting San Francisco in the East and abroad. Somehow the prosecution does not seem to be able to put its cases on a legal basis that will stand the test of the higher courts. Anyhow, the cases should be pushed to a definite conclusion and wiped off the dockets. The sooner this is done the better for the city."

This was the statement made here last night by H. E. Law, a San Francisco millionaire, who is one of the extensive property owners there and who has been prominently identified with the rehabilitation of the city.

Law arrived here yesterday on the steamship Deutschland, after a flying trip to London.

BRITISH BELIEVE IN CITY.

"I think the British financiers look upon San Francisco investments as sound and profitable," said Law. "The British are a nation of colonizers and their financiers as a consequence are accustomed and ready to go far afield for their investments. They are familiar with the conditions and opportunities in San Francisco and view it with a perspective that enables them to judge better, I think, even than those close at hand.

"I found that as a consequence the Britishers look upon San Francisco as the natural focus of this Pacific trade that is to be developed, and because of this they have faith in it as an investment field. Over there in London they are deeply interested in the plans for fortifying Pearl harbor at Honolulu and in the voyage of the battleship fleet, which they believe will remain in the Pacific, or at least that some other fleet equally powerful will be kept there.

JAPANESE COMPETITION.

"All these things they recognize as indications that the United States is getting a firm grip on the Pacific. We must look out for the Japanese, however They are smart, shrewd people, and it behooves us to get busy and not let them get or trade away from us."

Law will remain in New York for a week or so before returning to San Francisco.

PLOT TO SLAY KEEPER AND RELEASE PRISONERS

(Continued From Page 1)

son has the evening watch at the jail, when it is quiet and most favorable for an escape. In the cell he was to have been attacked by Armour and other prisoners, one of whom, the jailers have been informed, had a pistol that had been smuggled into the jail for the purpose. Bolsson was to have been shot and his keys taken from him. The jail doors were then to have been thrown open and the prisoners permitted to walk out.

Armour, who was the inspiration of the plot, is known as a desperate character. When arrested several months ago in Oakland by Detectives McSorley and Flynn, he escaped and climbed over the fence behind the house in which he was arrested. The officers pursued him, but did not catch him, at that time He served a term in the county jail, of San Francisco, for a minor offense, and has come in contact with the Oakland authorities several times. He was recently found guilty of burglary, and a few days ago was taken to San Quentin to serve a sentence of one year.

Lacked Nerve

He expected a heavier sentence, and was prepared to put his plan into execution if he got one. To the fact that he got off lightly is in large measure due the failure of the plot to break jail. The others in the scheme lacked initiative, and although they had not abandoned the idea of murdering Bolsson and breaking jail, they did not have the nerve of their leader, and hung fire.

Plan to Saw Out

Armour had another plan, which was to saw his way out of the jail. His cell is on the south wall of the jail, and to saw through the bars would have given him liberty. He procured the saws, which were smuggled into jail for him. They were found two days ago by Clark, whom White directed to make a thorough search of the jail. Clark found a new handsaw and eight new blades in a space between the wall and the bars, in Armour's cell. They had not been used, and no scratch was found on any of the bars. Armour had evidently abandoned this plan temporarily for the one to murder Bolsson as being quicker.

Armour's cellmate was Thomas Stanley, who is awaiting trial for rape. Stanley professes entire ignorance of the plot to murder Bolsson, or of the saws found in the cell, but the jailers do not believe him. The investigation into those concerned is still going on, as is the search for the pistol, which was said to have been smuggled in. Jailer White said today that he has good reason to believe that a certain person is responsible for the smuggling into jail of the saws to Armour.

Temporary Quarters

White says that it is almost impossible, under present conditions, to prevent smuggling, unless visitors are absolutely forbidden in the jail. The temporary jail, which is the one now occupied, has no screen room to separate visitors from prisoners, and has no proper place for their accommodation when they come. He says that since the jailers have occupied their present temporary quarters, vigilance has been doubled because of the necessity of it, but that he has lived in constant apprehension that an attempt to break jail was being hatched, and that weapons were being smuggled in. Every week a thorough search of the jail is made under his direction, and it was due to this search that the saws were found.

TARGET PRACTICE TO BEGIN.

SAN FRANCISCO, Oct. 17.—The second term of target practice will begin at the Presidio next week, if all the conditions are favorable. During this period most of the largest batteries with rifles and mortars will be used with the service shot at the usual distance. Firing will take place from Fort Baker and Fort Miley also.

Out at the big free show grounds at 13th and Broadway, where Fer-Don's diamond clustered band and colored entertainers are giving a first-class vaudeville show nightly, many baskets of provisions and food stuffs are to be given away to the worthy poor. This free distribution takes place tonight, and is only one way the Great Fer-Don takes of doing charitable work among the deserving poor.

The crowds that continue to call to consult Fer-Don's European Medical Expert's and Bloodless Surgeons at the offices 1068 Broadway, is the strongest evidence in the world of the marvelous success of these doctors. The first thing which impresses the stranger is the number of people who are waiting for consultation. No offices in town are so crowded as these and nowhere can be found so many people who are interested to such an extent in their health that they in many cases come for hundreds of miles to seek a cure.

All sufferers from hip-joint disease, gall stones, tumors, rheumatism, deafness, catarrh and all chronic diseases are invited to come and see Fer-Don's European Medical Experts and Bloodless Surgeons. Gall stones removed in 18 hours, and almost immediate relief given in cases of obstinate deafness.

L. C. MOREHOUSE BACK FROM TRIP

San Leandro Banker Had a Pleasant Outing at Ben Lomond.

L. C. Morehouse, president of the Bank of San Leandro, has just returned from Ben Lomond, where he was the guest of friends for the past ten days.

Mrs. Kingsland and her daughters, Pearl and Olive, of 784 Summit street, this city, have a country home at Ben Lomond, as have also Joan K. Clark and her sister, Chapple, of Melrose.

Besides these interesting people was Harriet M. Hill, a guest.

Mr. Morehouse spent part of his time at each house as he is an old friend of both families.

During Mr. Morehouse's stay at Ben Lomond, the party had a most interesting time. There were card parties every evening and picnics in the day time.

One of the trips the party took was to the Big Basin. Mr. Morehouse secured a four horse team and driver and took the party to the Big Basin, where they enjoyed a delightful picnic. Mr. Morehouse has returned home, having had a most delightful time with his friends.

"I had the time of my life," said Mr. Morehouse to a TRIBUNE reporter. "We went to the Big Basin and had a most interesting ride. It is a great sight, those big trees. The weather was perfect and as a result we all had a pleasant outing. My friends made my trip most pleasant and entertaining."

IRISH GRANITE CORNERSTONE.

SAN FRANCISCO, Oct. 17.—The cornerstone of the Irish Hall, which is to be erected at Fourteenth and Landers, will be sent all the way from Ireland. The block will be of Irish granite and has been selected by Dr. Douglas Hyde for the Celtic Hall Association. No definite date has been arranged for the laying of the cornerstone, but the ceremonies will be most elaborate and impressive, including a procession of the Irish societies of the State.

Herbert Knocked Out in Ninth Round

LOS ANGELES, Oct. 17.—George Herbert, the old-time pugilist from San Francisco, last night, in the Monterey Club at Naud Junction, discovered a surprise in the beating given him by Frank Picato of this city. Herbert was hopelessly beaten, bloody and staggering and practically had no chance to win.

Never once during the nine grueling rounds did he back up, and no matter how hard Picato mashed his face with a battery of right-crosses, left leads and uppercuts. George was always there smiling for more and waiting for a chance.

Redmond Is Winner Over Herbert White

SAN BERNARDINO, Cal., Oct. 17.—Jack Redmond of Milwaukee was declared the winner over Herbert White of San Bernardino in the ninth round of what was to have been a twenty-round go before the Gate City Athletic club last night. White had been knocked to his knees three times.

Canada's Premier In Last Campaign

MONTREAL, Oct. 17.—In a speech delivered last night, Sir Wilfrid Laurier, Canada's premier, announced that the campaign which ends in a general election October 26, will be his last.

"This is the last fight in which I will be engaged," he said, with great earnestness.

"The years have already left their mark upon me and I cannot hope that they will stand still now. All I ask is your support to enable me to complete the work I have begun in the last twelve years."

Sir Wilfrid predicted that this government would be sustained by a majority of from thirty to forty. At present it has sixty-six.

WESTERNER HONORED.

BOSTON, Oct. 17.—As a recognition for the good work he has done for the paper during his freshman year, a San Francisco student, Gluyas Williams, class of 1911, has been elected to the editorial board of the Harvard Lampoon.

BRIGHT'S DISEASE

Let there be no evasion—we mean chronic and supposed incurable cases involving dropsy, albumen and casts. They are curable in a great majority of all cases.

Let us cite a typical case—that of Mr. R. F. Nitschke of 1246 Spaight street, Madison, Wis. There had been eight physicians on this case and it got so extreme that he finally had one of the last symptoms; namely, failing eyesight. In January, 1907, the doctors admitted that nothing further could be done, and they sent him to Eureka Springs, Arkansas. He continued to get worse, the dropsy finally reaching the stomach, heart and lungs. At one time tests showed albumen as high as 75 per cent.

He learned of Fulton's Renal Compound and began to take it July 3. Dropsy began slowly to decline and the albumen dropped to forty, then to twenty then to ten, and finally to two per cent in May, 1908.

The patient is now back to his employment and is devoting full time to his business.

Patients desiring to know more of this treatment can get full literature by writing to the John J. Fulton Company, 5010 San Pablo avenue, Oakland, Cal.

Fulton's Renal Compound can be had at druggists.

We desire every patient to write us who is not noting the usual improvement by the third week.

RICHMOND STIRRED BY CHARGE AGAINST THE CITY RECORDER

Official Causes Arrest of His Accuser and Demands Proof of Accusations.

RICHMOND, Oct. 17.—One of the biggest political sensations Richmond has ever known is that of the arrest of Attorney A. G. McBride, following charges of dishonesty and incompetence filed by the lawyer with the City Trustees against City Recorder T. D. Johnston. McBride was taken into custody on a charge of criminal libel Tuesday. His letter to the City Trustees was written last Saturday and in it Trustee I. M. Perrin was by imputation involved in the charges made.

Recorder Johnston has demanded that his accuser make good his statements or go to jail, so there is a prospect of some exciting consequences.

SOME OF THE CHARGES.

Following is an excerpt from Attorney McBride's letter to the trustees, accusing and calling for the removal of the City recorder

"I write you believing that you would not wish to retain in office a man wholly unfitted to discharge the duties of recorder and who had in every manner outlived his usefulness in that capacity. In faithfully representing the people of this city you can do them no greater service than to provide them with an honest, competent court. Don't you think the people are entitled to that much?

"Should a man be retained in the office of recorder who during business hours can be seen playing poker in a saloon of the city?

OTHER ACCUSATIONS.

"Should a man be retained in the office of recorder who will write a defective complaint in a criminal case in order that the defendant's attorneys may be able to have the complaint set aside?

"Should a man be retained in the office of recorder who will in the public saloons of the city indulge his gambling proclivities by playing dice for 50 cents a throw and more?

"Should a man be retained in the office of recorder who through either incompetency or laziness will enter up void judgments?

"Should a man be retained in the office of recorder who can be 'fixed' by Perrin the 'fixer'?"

Johnston is the Republican candidate for Assemblyman. He asserts that the charges have been inspired by a desire to injure his candidacy. He says:

DEMANDS PROOF.

"I have invited McBride to prove his insinuations, but he refused, and I went to Martinez, where I obtained a warrant for criminal libel from Justice Hayden and I will now force this man to prove his charges or go to prison. Any act done in my official conduct I am willing to have brought to light, but I am unwilling to have a tin-horn lawyer and petti'fogger endeavor to besmirch my reputation as a man of honor.

"If after a careful investigation the board believes that I am guilty of the charges, then I am ready to step down and out. The sole reason for this action is due to the fact that McBride came to me about a couple of weeks or so ago and asked me to step down and out in order that he might become recorder. I did not please him by taking off my shoes and going to bed la over that he might have the position and the charges are the result."

GOODWIN NOT TO WED MISS GOODRICH, HE SAYS

CHICAGO, Oct. 17. — Nat. C. Goodwin came to Chicago yesterday with his partner, George O. Weeden, from Reon, Nevada. They will leave for New York Monday evening.

"I returned from Europe seven weeks ago," said Goodwin. "While there, I did not see Miss Edna Goodrich. Why should I? She is a fine little woman and all that, but our relations have simply been of business and not of the heart. My marriage to and divorce from Miss Maxine Elliott, secured last week, is public property. I am now an actor, business man and newspaper publisher — for I have a Reno paper — and miner. Is that not enough to keep me busy without hunting around for more domestic troubles? I guess so."

The site, costing $250,000 has been paid for, and a large sum raised toward erecting the proposed temple.

The new officers of the grand lodge are: Grand master, Oscar Lawler of Los Angeles; deputy grand master, W. Frank Pierce, Oakland; grand senior warden, Dana R. Wheeler, Los Angeles; grand junior warden, A. J. Monroe, Eureka; grand treasurer, Edward Coleman, San Francisco; grand secretary, John Whicher, Sacramento; grand assistant secretary, Harry Johnson, San Francisco; grand lecturer, Thomas J. Baker, of San Francisco.

Deputy Grand Master Reuben H. Lloyd was not placed in nomination for grand master, his letter declining the honor being considered as fully settling his candidacy.

MAKES CHARGE OF THREAT TO KILL

J. A. Sepulveda in Fear Causes the Arrest of Harry J. Fouts

Alleging that during a personal quarrel his life had been threatened, J. A. Sepulveda of 1226 Broadway last night caused the arrest of Harvey J. Fouts of 1162 Washington street in a charge of threats against life. Fouts secured his release on $10 bail. He appeared in the police court this morning and his preliminary examination was set for October 26.

Sepulveda alleges in his complaint on which the warrant for Fouts was issued that Fouts had declared that he would kill him at the first opportunity. Being uneasy while Fouts is at liberty, he decided to cause his arrest in the hope that he would be kept in jail or be put under bonds to keep the peace.

CONTRIBUTIONS WILL BE MUCH APPRECIATED

The secretary of the Associated Charities of Oakland will be very grateful for a contribution of a rocker chair, a small wood or coal stove and a wash stand; the chair for the use of an invalid who has not been outside of the room she occupies for nearly a year. It would enable her to get into the sunshine and her general health would be greatly improved; the stove and wash stand for a man who is crippled. He is making a great struggle to support himself by the sale of magazines, papers and pencils. A generous man has given him the use of a small room and a bed has been loaned him. At present his only means of heating the room or cooking anything is in a small tin bucket suspended from the ceiling over a coal oil lamp. His clothing is now kept in a box and in his disabled condition he finds it hard to get at his belongings in this way.

BROADWAY STORE IS ROBBED

BURGLAR ENTERS BY TRANSOM IN THE ROOF

Bold Theft in Heart of Business District--Many Reports of Theft Made to the Police.

Making his way to the roof of the Hub building at Eleventh street and Broadway last night, a burglar knocked out a pane of glass out of the transom, dropped into the office of the clothing store ten feet below, rifled the cash register of its contents and then made his exit the way he came. There is no clue to his identity.

When the store was opened for business this morning the burglary was discovered. A report was at once made to police headquarters and detectives were detailed on the case. It is presumed that the man who has been robbing homes with a persistency which is giving the police uneasiness, was responsible for last night's work.

WAS SMALL MAN.

According to A. Jonas, proprietor of the store, nothing was disturbed with the exception of the cash register, which had contained but a few dollars in silver, about $5 worth of stamps and some pennies. So far as can be determined no clothing was taken. It is the opinion of the police that the burglar was a small man, as the hole in the transom was of small dimensions. The theory is advanced that a burglar may have had a boy as an accomplice and had dropped him into the store after breaking out the glass.

When the thief had finished his work he placed a chair on top of a table, reached up to the skylight, pulled himself to the roof and made his way to the street through the main entrance of the building, which opens onto Broadway.

NUMEROUS THEFTS.

Numerous other burglaries were reported to the police last night and this morning, the one giving the police the most concern being the theft of a quantity of silverware valued at about $700 from the home of W. A. Folger at 3450 Grove street yesterday afternoon. This theft was presumably committed by the bold daylight burglar who has been operating with unusual success throughout the residence section for weeks past, and who, it is presumed, robbed the Hub clothing store.

The Folger home was searched from top to bottom by the thief for valuables, he even opening the big dining room clock and searching through the bottom of it. A drawer in Mrs. Folger's dresser was attacked by the burglar with a jimmy and a bit, a hole having been bored near the lock. He did not complete his task of opening the drawer, which contained about $200 worth of jewelry, presumably having been frightened away. The bottom of a tin box was cut out, but when it was discovered that it contained nothing but papers, it was thrown aside and the contents scattered about the room. Several pieces of costly furniture were marred by the intruder, he having dented them with a hammer and nicked them with a chisel. A new overcoat was among the property stolen.

FAMILY WAS AWAY.

Folger, who is a stockholder of the Pacific Tool and Supply Company of San Francisco, was at his place of business when the burglary occurred. Mrs. Folger was on a visit to her mother, Mrs. K. E. Rye, of 828 Thirty-eighth street, where there was a family gathering in honor of Mrs. Rye's birthday.

W. H. Peterson of 573 Twelfth street reports that his cigar store was broken into last night and a quantity of cigars and cigarettes, as well as $4.35 in coin, stolen.

C. F. Petersen of 415 San Pablo avenue was another victim of a burglar, his store having been forced open last night and a quantity of groceries and some small change stolen.

ROB SANDWICH WAGON.

D. Davis of Eighth and Franklin streets reports that his sandwich wagon was broken open last night and several eggs, a butcher knife and a quantity of ground coffee stolen.

A. K. Harford of 851 Fifty-third street reports that an attempt was made to enter his home yesterday afternoon about 3 o'clock, the rear door having been forced partially open by means of a burglar's jimmy. Nothing was stolen.

W. J. Bradshaw of 2272 Randolph avenue reports the theft of an overcoat from his buggy, left standing at Seventh and Madison streets.

REFUSES TO TREAT CROWD; IS BEATEN

(Special to The Tribune.)

SAN FRANCISCO, Oct. 17.—Assaulted by three men because he refused to pay for the drinks in the saloon at Pacific and Kearny streets at 5:30 o'clock this morning, Refe Cassas, a stevedore, residing at 5 Vallejo street, was so badly beaten that he had to be taken to the central emergency hospital. The man entered the saloon and ordered a drink. About ten hangers-on walked up and were all served. The bartender ordered Cassas to pay. He refused to stand for any but his own drink, with the result that he was roughly handled. He claims to have lost $6 in the melee.

SCHOOL EXPENSES.

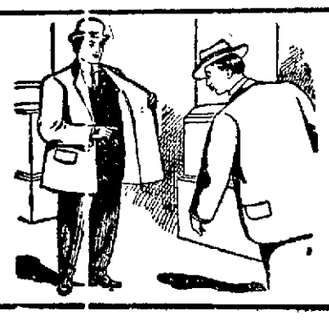

SAN FRANCISCO, Oct. 17.—A statement was prepared yesterday by authority of the Board of Public Works, showing the expenditures made out of the $100,000 budget allowance for repairs to school houses, the figures given indicating that $49,086.80 had been paid out, while there were liabilities still outstanding amounting to $2,183.15. This gave a total of expenses incurred to date amounting to $51,369.95 and left still on hand $48,730.05 of the appropriation.

Fortunes of the World Are Founded on Oil
Joe Chanslor, now several times a millionaire, was, not so long ago, a clerk in Los Angeles. He borrowed some money for the purpose of operating in California oil; the result was that it made him one of the wealthiest men in the State. John A. Bunting, formerly a brakeman on the Southern Pacific, through the investment of $170.00 in California oil land, became a millionaire.
We could tell you of innumerable others. Why were Bunting, Chanslor and many others, who made their money through investments in oil, successful? Because they were shrewd, level-headed, observing men possessing unbounded confidence in the great future of the California oil fields and the oil industry. The demand for oil is increasing daily. The consumption far exceeds the output. Several oil companies paid substantial dividends when oil was selling at fifteen cents per barrel. Oil is now selling at SIXTY CENTS PER BARREL at the well. The total dividends for the year 1908, from all the oil companies now doing business in California, not including the Standard, will probably reach the $6,000,000 mark, and reach the $10,000,000 mark for the year 1909. Therefore, the natural conclusion to arrive at is INVEST IN OIL SECURITIES, INVEST AT ONCE. We are offering for sale a limited number of shares on what we consider to be one of the best Companies operating in Kern county; in fact, in California. We refer to the stock of the KERN ASSOCIATED OIL COMPANY. The stock of the KERN ASSOCIATED OIL COMPANY is the best oil proposition ever offered the investment public. This Company owns free of incumbrance FORTY ACRES IN THE VERY HEART OF THE KERN RIVER OIL DISTRICT, and situated on the Southern Pacific Railroad. It adjoins the San Joaquin Oil and Development's Company property, which was recently merged with the Associated Oil Company, WHOSE STOCK IS NOW SELLING AT $31.75 PER SHARE. It also adjoins the justly famous Discovery well, where oil was first discovered in the Kern River oil fields. THE KERN ASSOCIATED OIL COMPANY has two wells on its property. Well No. 1 IS IN OIL and gives about sixty-five barrels of oil per day. With a greater depth and a more approved pump the production will be largely increased. The Company desires to sink four more wells and to install modern compressed air pumps. We believe that well No. 2 will, with greater depth, produce a large and inexhaustible oil supply, as are the other wells on adjoining properties. We are offering a limited number of shares in this Company at 20 cents per share. Do you realize what that means? It means that in purchasing this stock you become interested in a company that can produce the oil. It is not a case of "They may," "They should," but "THEY ARE."
Let us again impress upon you these highly important facts: The property is a producer; is entirely surrounded by reliable producing properties; that there is sufficient acreage (forty acres) to justify the drilling of forty more wells, all of which would be in the very core of one of the richest oil-producing districts in the world. Remember that Kern county produces as much oil as any other three oil-producing counties in California. Shipping facilities could not be better, for the property adjoins the Southern Pacific tracks. The Company has valuable assets in improvements. Two wells, derrick, tanks, tool and bunk houses, etc.
Before accepting the fiscal agency of The Kern Associated Oil Co. we thoroughly investigated every detail pertaining to the Company and its property. We do not take snap judgment, we never do, consequently want to assure you that the stock of this Company at twenty cents per share is the most unparalleled opportunity for the investor that ever came under our observation.
We sincerely believe that the Kern Associated Oil Co. is destined to pay dividends as surely and as regularly as the Associated Oil and other companies operating on adjoining properties and we see no reason why within twelve months the stock should not be quoted at many times its selling price.
You can invest any amount from twenty (20) dollars up to twenty thousand (20,000) dollars. We allow on five (5) per cent on cash subscription. You can purchase stock on the easy monthly plan if you so desire. Come to our office and see the photos of the property, reports on the property, samples of oil, etc. THE STOCK OF THE KERN ASSOCIATED OIL CO. IS THE BEST BUY ON THE MARKET TODAY.

DIES OF PNEUMONIA AFTER ATTEMPTING TO COMMIT SUICIDE

Harlie Iegler, the hotel clerk who attempted to end his life Tuesday night by taking chloroform, died late yesterday afternoon at the Central Oakland Hospital of pneumonia, brought on by his attempt at suicide.

Ziegler had rooms at the Hotel Windsor, at Ninth and Washington streets, where he lived with his wife. Tuesday he was found in a semi-unconscious condition by Mrs. Ziegler, with an empty bottle of chloroform lying on the floor. He was rushed to the Receiving Hospital and saved from death by the drug.

HATFIELD ATTEMPTS TO BREAK FROM PRISON

FORT WORTH, Tex., Oct. 17.—Reports received here from Sherman say that William Hatfield, alleged to be J. C. Pieces of saws, filings and bricks removed from mine wall were found on his cell floor. This attempt convinces the authorities here that he is really Dunham.

INTIMATES THAT GRAFT EXISTS IN ALAMEDA

Chairman of Mass Meetings Alleges Chamber of Commerce Tried to "Hold Up" Firms.

ALAMEDA, Oct. 17.—The second mass meeting of protesting north side property owners who are opposing the granting of a franchise for a freight line on Clement avenue was held at the city hall Thursday night. The meeting was of a more pacific nature than the initial meeting, when the City Council was scored and the Alameda Chamber of Commerce severely criticized for appearing to favor the granting of the franchise against the wishes of the home owners on Clement avenue.

The only exciting bit of talk at last night's meeting was when Chairman Kebby announced that he had heard that the Chamber of Commerce had been promised a contribution of $50 a month from the Alaska Packers' Association if the franchise was granted and that he had heard further that the Chamber of Commerce proposed to "hold up" the other factories along the north side in case the Chamber of Commerce secured the franchise for them on Clement avenue.

DENIES ACCUSATION.

Secretary Russell of the Chamber of Commerce said that the report was false and that the Chamber of Commerce had neither demanded nor received any pay for anything it had undertaken.

Reports received from circulators of protest petitions showed that nearly 200 property owners on the north side of the city had signed as being opposed to the granting of a freight franchise over Clement avenue.

Among those who spoke against the proposed granting of the freight franchise were former City Trustee W. M. Bowers, Alois Kast, Councilman E. B. Bullock, Frank W. Hally, C. C. Storey, E. D. Howell, C. F. Adams, Camille Verdugo, F. E. Horton, J. W. D. Warford and H. M. Kebby. Other speakers were Councilman Bert L. Fisher, former City Trustee C. J. Hammond and Secretary Ralph A. Russell of the Chamber of Commerce.

MANY MEETINGS.

The statements of Councilmen Bullock and Fisher favoring the preserving of the avenue for residential purposes rather indicates that other members of the Council will also back up the home-owners and that the efforts to secure the franchise on this avenue will not be countenanced by the Council when the actual application for a franchise is made. The property owners will meet again tonight and will also have a large delegation at the Council meeting next Monday night.

COLLEGE BASKET-BALL TEAM TO TAKE TRIP

BERKELEY, Oct. 17.—Manager R. R. Matthews of the University of California basketball team is trying to arrange a trip for his team for the Christmas holidays. The proposed itinerary would take the team up to Oregon and possibly other sections of the northwest.

Negotiations are now under way for games with Willamette University, the University of Oregon, Multnomah Athletic Club, Dalles College and the Oregon "Aggies."

Fifty men are practicing in Harmon gymnasium nightly and prospects are bright for the strongest team that ever represented the University of California in this sport. With the exception of Hook, last year's varsity center, all of the victorious five of last season are now in college, and judging from the wealth of material on hand, a repetition of the clean record of last winter is to be expected. The interclass tournament for the Heeseman trophy will be inaugurated in the near future.

Steindorff Will Include All Best Popular Pieces by Request in Farewell Concert.

BERKELEY, Oct. 17.—In the last concert of the Indian summer series at the Greek Theater Paul Steindorff will direct his orchestra through one of the most splendid programs that has ever been offered to the music-loving patrons of these college affairs. It is a program that embraces all the best that there is to be had from among the popular selections and it is one that will be all the more popular since it was constructed chiefly to suit the desires of those who had sat in the audiences during the last three concerts and who made written requests to Steindorff for the pieces which the big orchestra will play this evening. In order to please the Bohemian Club members and to give the general public an opportunity to hear one of the best local hits that has been accomplished in years, Steindorff will play the "Dance of the Saplings," about which all the rest of the jinks at Bohemian Grove this summer revolved. This, aside from the solo number, will be the feature of the evening.

The well-known and well-liked overtures, one from William Tell and the other from "Poet and Peasant" will be given. Lincke's "Glow-worm," Schubert's "Serenade," will be rendered along with the popular selections from Luders's "King Dodo" and the grand fantasia from "Madame Butterfly" by Puccini. This, with one or two additional numbers, will complete what is most likely the best and the most excellent program that has been presented this season at the Greek Theater.

With the return of good weather the advance sale of tickets has taken new life, and the tickets for the concert are rapidly going. Prof. Armes will announce the name of Saturday night's soloist tomorrow.

Convinced that the house had been robbed, the police were summoned by telephone. Patrolmen Richardson found no trace of the burglar, but confided suspicions of Miss Weir's actions to Chief of Police Vollmer.

The young woman was taken to the station and confessed that the burglar alarm was a ruse to cover up her own thefts and aid her in secreting about $100 worth of jewelry. A gold watch she had tossed through a window and a gold pin she had secreted in her clothing. Miss Weir returning the property.

IS NOT IN FAVOR OF HARBOR WORK

Berkeley Chamber of Commerce Refuses to Endorse Proposed Improvement.

BERKELEY, Oct. 17.—Despite the importunities of the Ship Owners' Association of San Francisco, represented by their secretary, H. L. Stoddard, the Berkeley Chamber of Commerce Thursday night refused to pass resolutions indorsing the stand taken by the San Francisco Chamber of Commerce as regards the proposed improvement of San Francisco's water front from Islais creek to Central basin.

The Ship Owners' Association of San Francisco has passed resolutions frowning upon the issue of bonds for the short period of twenty years, on the grounds that the $13,000 annual income from the harbor fund would be insufficient to pay the interest on these bonds.

The plan of the association is to complete the harbor improvements under a seventy-five-year bond issue and to do this to secure the passage of the twenty-ninth amendment to the State constitution, permitting the substitution of seventy-five years for twenty years as the time of the bond issue.

ACTION IS HALTED.

A motion to adopt the resolution of the San Francisco Chamber was made by W. A. Gates, but the vote was stopped by P. W. Rochester, who asked that the board take no hasty action. A later motion, coming from Rochester himself, referred the question to a committee to be appointed by the president, with instructions to report at the next meeting. As the board will not meet until November 5 it will be impossible to take action favorable to the passage of the amendment.

NEW AMBULANCES DENIED POLICE

Alameda Council Thinks Two Enough—Important Business Continued Until Monday.

ALAMEDA, Oct. 17.—The meeting of the Council Committee of the Whole last night was purely a routine session. There was no vote or discussion on the tax rate, the committee passing the matter up to the Council meeting next Monday night. The protest of the north side property owners to having a freight line on Clement avenue was put over until Monday night.

There was a little squabble between the Police and Fire Commission and J. H. Young over the slowness with which Young is removing the old Webb avenue fire house which he purchased from the city for $150. Young had thirty days to remove the building and this time will expire November 1. It was expected that Young would tear down the structure but he proposes to move it to Park street near San Jose avenue. His petition for permission to move the structure was not in conformity with the ordinance requiring a majority of the signatures of the property owners on both sides of the street of the block in which a moved structure is to be located and the committee took no action. The commission asked the committee to order the building off the lot within the specified time.

NO PORTABLE HOMES.

The committee went on record as opposing permits to erect portable houses. Soon after the fire the committee gave J. Jenks permission to put up two portable houses on Blanding avenue. Last night Jenks wanted permission to put up two more houses of the same kind.

NO MONEY FOR POLICE.

The Police and Fire Commission asked for an auto police patrol and ambulance wagon to cost $3000 and also wanted permission to repair three or four fire houses, and to install the police phone signal system at a cost of $1000. All three requests were turned down, the commission being told that no money was available for the patrol wagon and the phone system. The commission was granted permission to purchase ten iron beds and other equipment for the jail. The old ambulance will be used for hauling prisoners to jail and the new ambulance for emergency accident cases.

Mrs. Schiller, finding she was powerless to change the purpose of the telephone men, hurried into the house and appearing in the window with the gun in her hands told the intruders of they persisted in their work she would shoot.

LEHNHARDT WILL MAKE SOME MORE 50c BRICKS FOR TOMORROW

THEY WILL CONSIST OF CHOCOLATE, VANILLA AND STRAWBERRY ICE CREAM IN LAYERS AND WILL BE PACKED IN PATENTED FREEZER BOXES —WILL NOT BE DELIVERED.

In addition to the regular Sunday Special, Lehnhardt, the candy man, will again sell 50c bricks to all those who call and carry them away tomorrow.

The idea in offering these 50c bricks is to relieve the delivery department from late orders and at the same time avoid disappointing anyone.

The Sunday Special sells at 80c and will consist of Orange Ice Cream, Maple, Pecan and Vanilla Ice Cream. The Orange Ice Cream section of these bricks is an absolute novelty and very delicious. It isn't like orange water ice except in color, for it has a far richer flavor and is soft and exceedingly smooth and creamy. "As far as I know, this Orange Ice Cream has never been made before in California," said Mr. Lehnhardt this morning, "and I am naturally quite proud of my achievement. It is exceedingly fine and I think will prove to be one of my most popular desserts. I may decide to make it to sell in my ice cream parlors later on, and if I do so, I presume it will make quite an impression. I should very much like to have all my old patrons try the brick containing this Orange Ice Cream if possible, as I feel that I can recommend it very, very highly."

The brick Mr. Lehnhardt had reference to was the 80c Sunday Special, which will be delivered packed in a freezer if ordered tonight.

Those who do not order tonight or very early tomorrow morning will have to content themselves with the 50c brick, which will be a combination of chocolate, vanilla and strawberry. These 50c bricks are made of the same heavy cream as the 80c bricks and do not differ in quality in any respect. You have to call at the store and get the 50c bricks yourself, however, and they are only packed in freezer boxes which will not keep the brick over 1½ or 2 hours unless it is placed on ice.

Orders can be telephoned in for the Sunday Special any time this evening. Phone Oakland 497 or Home phone A 3497. To get the 50c brick call at Lehnhardt's candy store on Broadway, between Thirteenth and Fourteenth, tomorrow an hour before you wish to use the brick.

EXHIBITS ARE READY AT IDORA

Old German City of Nuremberg Represented in Park With Surprising Detail.

The last painting has been hung, the decorators have got through and everything is right and ready for the grand opening of the exhibit of Arts and Crafts at Idora Park Monday. The big rink where the skaters formerly cavorted has been transformed into a veritable fairyland and one could well imagine that he was many miles from these United States after a glance round the big building.

In carrying out the general idea of reproducing in miniature the famous old city of Nuremberg the artists have gone into detail with a result which is surprising, artistic and almost beyond belief. Fancy getting off the Telegraph avenue car and stepping right into a German city where the Teutonic language predominates and the people are for the most part dressed in the quaint costumes of the Fatherland.

AMERICA'S BEST ARTISTS.

And add to that the fact that the best artists of America have their masterpieces on exhibition so that by simply looking round a few streets you can see the work of the world's most famous artists. Yes, and the streets are there too. Real streets with stores or shops on either side and little foreigners looking out of the windows waiting and willing to show the passerby the different arts. The city effect which has been produced is one of the most wonderful things ever presented to a local public and just how the management contrived to get such reality is beyond the comprehension of the ordinary layman.

NUREMBERGER TOUCHED.

A pioneer German resident of this city who had been reading much about the work going on at Idora came out to the park last Thursday and begged to be given permission to look through the city. On entering the pavilion the old gentleman looked around in surprise and then sat down on a convenient chair. For five minutes he never said a word, sat there simply staring. Then the tears commenced to roll down his cheeks and he murmured, "Nuremberg, dear old Nuremberg." It developed that the old gentleman was a native of Nuremberg and became so affected by seeing such an artistic duplication of his old home that it was only at the closing hour that he consented to go home.

It is certainly a quaint scene, the streets and the shops and the artists. No picture of Nuremberg ever produced the effect that touches off the work of the "city" builders at Idora and there is not a lover of art in the west who can afford to miss visiting Nuremberg.

EXHIBITS OF CLASS.

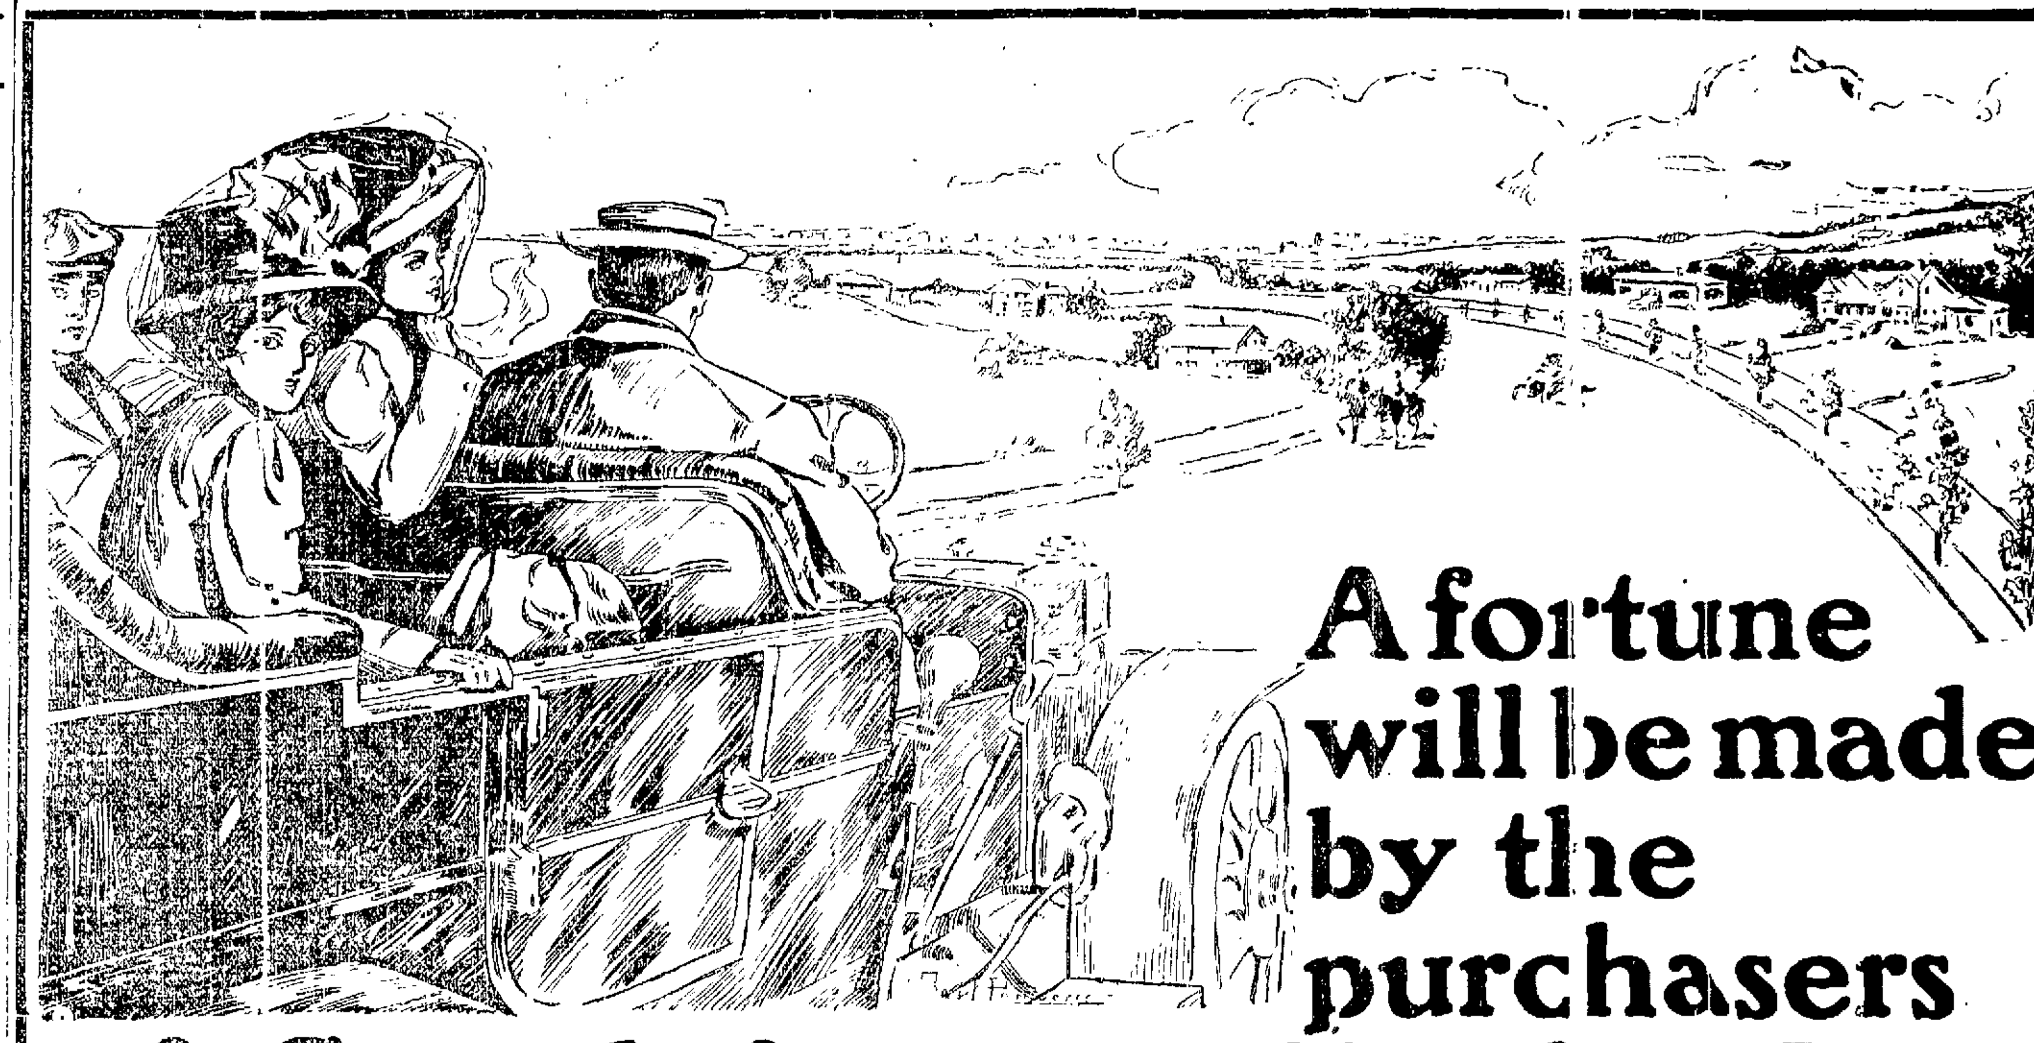

The exhibits are many and varied and the best work of the leading artists on the coast are stretched along the wide expanse of specially prepared scenery. One particular feature of the exhibition is the fact that the artists will be seen at work. So will the sculptors and the photographers and the needle women and the peasants and all the other many clever people who will be there. This in itself is a unique feature which warrants your attendance on opening night.

Following is a list of the exhibits:

A fortune will be made by the purchasers of Grand Avenue Heights Lots tomorrow—come out early

GRAND OPENING TOMORROW

Take Grand Avenue Cars at Fourteenth and Broadway

Last night we announced that today we would accept reservations for Grand Ave. lots providing a preliminary deposit of $30 or $40 was made.

We did this to give those who preferred not to go out Sunday a chance to get lots before all were sold.

The result was that up to 11 o'clock this morning (the time of this writing) our offices have swarmed with prospective purchasers—some of whom can already sell their lots at a profit, although they've owned them only a few hours.

One lot was accepted by three people all at the same time, anyone of whom was willing to make a preliminary deposit of $50.

Another gentleman, who came all the way from San Francisco, picked out a $3000 corner, and because he could not get an adjoining lot (which, by the way, the owner refused to sell at a profit) decided to wait until tomorrow before he paid his deposit on the $3000 lot, saying that he guessed it would be there all right when he wanted it. Within 20 minutes after he left the office one of our autos came in from the tract with a buyer for that very lot.

Mrs. C. E. Miller, cashier of the Provident Savings Life Assurance Society, purchased an $1800 lot, and within a few minutes was offered $200 more than she had paid. She refused the offer, although she had only put up $50.

If today's preliminary business is any criterion for tomorrow's actual business, history will be made at Grand Ave. Heights within the next 24 hours.

There are about 300 lots to sell; they average from $35 to $40 a front foot, and, according to present indications and all past history, will sell at from $60 to $80 a front foot within two years.

Experienced judges of real estate values agree that the advance in values in Grand Ave. Heights will eclipse the phenomenal record held by Adams Point, which sold for almost double its cost within two years after it opened.

Several property-owners without ready cash have been trying all day to sell their present holdings at a loss in order to have the money to take advantage of this sale tomorrow. They figure they'll make enough on Grand Ave. Lots to more than offset the loss they suffer by selling their present property at a sacrifice.

Everyone sees the advantage of purchasing before the streets are built and most purchasers will hold on to their lots until the street runs by them in order to get advantage of the greatest rise in price. Others, however, who secured options today expect to sell immediately, providing they can get $200 or $300 profit.

We discovered today that about forty of the lots were priced too low and wish to give notice to everyone holding price lists and maps that after tomorrow night we reserve the right to advance prices, if we deem it advisable, on any unsold lots. This advance will be made without notice and will apply to at least forty lots.

On a test yesterday it was found that it takes just 7 minutes by electric car to get from 14th and Broadway to Grand Ave., so you can see how close in this tract is.

We have arranged to keep our office open tonight in order to answer all inquiries relative to the sale tomorrow. If you are in doubt as to any feature or wish further information, call or telephone any time this evening.

CONGRESSMAN KNOWLAND TELLS OF TAFT'S GREAT ACHIEVEMENTS

Reviews Republican Candidate's Splendid Work in the Direction of Operations on the Panama Canal.

BERKELEY, Oct. 17.—By all odds the largest and most notable political gathering in Berkeley during the present campaign was the reception tendered Congressman Joseph R. Knowland at the Taft club headquarters in the Elk club building Thursday night. A full half-hour before the meeting was called to order the big hall was crowded and scores of people lined the stairways and gathered on the sidewalk about the entrance.

TAFT'S WORK IN PANAMA.

Congressman Knowland was billed to speak on the Panama Canal and the part played in this enterprise by the Republican candidate for the Presidency. The lecture was punctuated with a series of stereopticon views of the Isthmus, taken during the recent visit of the Congressional committee. Congressman Knowland was a member of that party with Senator Flint of Los Angeles.

The meeting was called to order by W. A. Gates, secretary of the State Board of Charities and Corrections, who introduced Charles H. Spear as the general chairman. Spear made a felicitous introduction of the Congressman, and at the same time congratulated the Taft club on its success in getting a "drawing card."

Congressman Knowland was enthusiastically received.

He said in part:

"The average man in public life considers himself fortunate indeed if at some time during his career circumstances are such as to enable him to associate his name with one great public event or project. William H. Taft has been unusually fortunate in this regard, his name having been identified with a number of great events and projects, any one of which would have brought him lasting fame. Responsibilities such as he assumed, however, carry with them tremendous responsibilities, subjecting the public official to the risks incident to a failure in a single instance, which failure would, in the minds of the general public, eclipse every other success, no matter how brilliant. William H. Taft has made good in every instance. His record in the Philippines, so familiar to the general public, is a record of the most brilliant achievement in the line of constructive statesmanship recorded upon the page of our history. The admirable manner in which he handled the Cuban situation at a most critical period reflects credit upon the great statesman.

"As Secretary of War the Republican candidate for President for the past four years has had full charge of the great work at Panama, making several trips to the Isthmus and familiarizing himself with every detail. No man is as well equipped to complete this great work as William H. Taft and we of California and the entire Pacific Coast appreciate this fact. California owing to its fortunate position geographically, will derive more benefit from the completion of this great inter-oceanic waterway than any other State in the union."

Congressman Knowland, after giving an interesting account of his trip to the Isthmus and describing in detail Colon, Panama and other cities and towns of the republic, said: "At least nine routes have been surveyed or projected across the Isthmus. During the latter half of the eighteenth century the Tehuantepec route was surveyed. This proposed route extends from the Gulf of Mexico to the Pacific and is one hundred miles in length. A railroad has been built across this route by a British company and bids fair to become quite a competitor of the Panama road. Going south there is the proposed route between Honduras Bay and the Gulf of Fonseca, and below that the various Nicaragua routes, with which we are all more or less familiar. There have been several proposed routes on the Panama Isthmus itself. In 1859-60 President Buchanan had surveys made at the great Chiriqui Lagoon, adjoining the Costa Rica border. Below the present Panama route are three routes, the San Blas, Caledonian Bay and Atrato river routes. Our present route is not the shortest, but is at the lowest level. The shortest, by way of the San Blas river, is but thirty miles from tide water to tide water, but would require the tunneling of a mountain 1500 feet high in such a way as to permit the passage of modern steamships.

FRENCH WORK.

"The French work began on the Panama Canal in 1881. In 1888 the canal company went into bankruptcy. The work was scarcely two-fifths done and, according to the highest figures, nearly $100,000,000 had been expended, the original estimated cost being $120,000,000.

GRAFTERS IN SOUTH.

"Unlike our government the French did not secure control of a zone, but attempted to build a canal on Colombian soil, under Colombian jurisdiction, and were, as might have been expected, at the mercy of that grafting Central American government which tried its methods on Uncle Sam and as a result lost control of that country now known as the republic of Panama. The French also failed to appreciate the great importance of proper sanitation. This has been the first consideration of the United States. Our idea from the commencement of the work has been that proper sanitation was the key to the whole situation.

"In the work of sanitation is included the cutting and removal of brush; the filling in and draining of swamps, the fumigation and disinfection of houses, destroying mosquito larvae by oiling wells and pools, and the collection and disposal of garbage. Health statistics have clearly demonstrated that this sanitation, which necessarily involves a large outlay, has more than justified the expenditure.

AMERICAN EMPLOYES.

"In August the force employed on the Isthmus was 25,552. There are 4396 men on the gold roll (those paid in United States currency), including principally mechanics and skilled artisans of all classes, as well as clerks, most of whom are American employes. On the silver roll (which includes those paid on the basis of Panaman currency, or its equivalent) there are nearly 21,186 employes.

"The Panama Canal will be fifty miles in length, a distance equal to that between San Jose and San Francisco, the difference being that there are mountains to cross at Panama. The canal begins near Cristobal on the Atlantic or Caribbean side, and within the Zone. From Cristobal the canal runs in a southeasterly direction to La Boca, on the Pacific side. It is not generally realized, but nevertheless a fact, that the Pacific terminus of the canal is actuall twenty miles farther east than the Atlantic terminus. This is due to the ortherly loop which the Isthmus makes in the portion containing the canal zone.

"From the Atlantic shore ne to Gatun, a distance of three m s, the canal will have a width of 500 et, and a depth of feet. At Gatun re will be a duplicate flight of three lock which will lift vessels up to an artifi l lake eighty-five feet above the sea. This great lake, which will be thi miles long and in places as much eight miles wide, is to be formed by e construction of the much-discusse Gatun dam.

ARTIFICIAL LAKE.

"From the Gatun locks the hannel will be through this artificial l ce for about twenty-three miles. The hannel for fully sixteen miles will have width of at least 1000 feet. From Sa Pablo to Juan Grande it will be narr wed to 800 feet; then to 500 feet to Las Obispo, then to 300 feet to Las Cascada nd finally to 300 feet from the latter oint to Paraiso. This carries it throu h the Culebra cut. From Paraiso Pedro Miguel it has a width of 300 f t, and here a duplicate lock will lower e vessels to Sosa lake, forty-five fe above the sea, where the vessel cha el will again be through an artificial ke for two miles to Miraflores. At th latter place two duplicate locks will f m the connection with the Pacific sea evel.

GIVES DISTANCES.

"A reference to the map sho s that from New York to San Franc o the distance by the Straits of Ma llan is 13,107 miles. Through the ca l the distance will be 5294 miles, a s ing of 7813 miles. San Francisco will four-teen days from New York by eamers making sixteen knots an hour, in ead of the sixty days or more now required. Trade will be revolutionized. For the first time we will have direct navigation between our Pacific ports and those on the Gulf and on the Atlantic.

"No American citizen can visit the Canal Zone and fail to return proud of the magnificent progress this country has made in so brief a space of time, and confident of our ultimate success. That there will be many discouragements must be expected, but neither the voices of doubting Thomases nor the pens of muck-rakers can stop the steady progress of the great steam shovels in leveling the mountain sides. The people will continue to lend their full support to the project until finally completed, and to the pages of our history will be added the record of an accomplishment comparable with any great triumph of arms or vast achievement of peace."

SEALING SCHOONER RETURNS.

VICTORIA, B. C., Oct. 17.—The first of the homing seal fleet, the schooner Jessie, arrived Thursday night with five seal otter skins and 471 sealskins. News was brought that the eight schooners from Victoria had 3568 sealskins, about double the catch made by twelve schooners last year.

If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled the cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. W. E. DARGIE
PRESIDENT

Rudolph at the White House.

A story is abroad that Rudolph Spreckels, now in Washington, called at the White House yesterday to urge the President to "butt in" out in San Francisco, for the purpose of helping out Judge Dunne. It is recognized that Dunne has a hard struggle for re-election, and the story goes that having been so successful in one or two efforts in gaining the President's autographic indorsement, by repeating the story of how Dunne is being hounded by higher-ups on account of his righteous decisions in the graft cases, Rudolph hoped the President might lend his aid again.

There is a sorrowful conclusion to the story as it has gained currency, to the effect that the President declined to assist with rather more promptness and vehemence than the matter would seem to naturally require.

Those who are practiced in the art of seeing under the surface in such matters believe that the President's promptness and vehemence were due to chagrin over his precipitancy in lending himself to the comfort of the Spreckels outfit on a former occasion. It is certain that he has been made acquainted with the fact that his celebrated letter to Rudolph far overshot the mark, and instead of putting heart in disinterested battlers for civic decency, merely did something to justify a gang of self-seekers and villifiers that had been thoroughly discredited by the immense majority of their immediate fellow-citizens. It was generally felt at the time his letter to Spreckels was promulgated that the President had been deceived. It was known that on other occasions he had not got the rights of the matters in controversy, and there was surprise on the part of leading Republicans and decent citizens generally that he should have thus been imposed upon. But if the latest story from Washington is true, the President has himself come to a proper understanding of the situation, and hereafter is not likely to bolster up men who are so discredited at home, on the say-so of those who may have undue access to his ear.

As to Dunne, the opposition to him is not because he is so palpably hostile to grafters on trial before him—though that attitude is not admirable in a magistrate who is required to render even-handed justice. The objection is based on his ignorance of law and his general unfitness by temper and mental composition to occupy a responsible place on the Bench. His ethics are the worst that were ever disclosed by a judge. By every sense of justice he should have held himself above the suspicion of favoring either side; yet his precipitance in granting every motion of the prosecution, and his unhesitating denial of every contention of the defense, was such palpable evidence of bias as to be a scandal; while his outburst when the Appellate Court reversed him was further indication of a character absolutely unfit to sit as judge, in decision upon property rights and personal liberty, and even of human life.

The grafters, if they should consult their real interests, would turn to and support Dunne; for it is very doubtful if he could sit in any trial of them that would stand the most casual review by the Appellate Court His temperamental deficiencies, not to mention his educational limitations, would make it impossible for him to sit in unbiased judgment upon them.

A Lecture Train for Agriculturists.

An important movement will be inaugurated next month in the starting on a tour of the state of a "lecture train," for the instruction of those concerned in agriculture and horticulture. The train will consist of four cars, with two cars of exhibits. There will be six demonstrators in charge. The project is the conjoined enterprise of the Southern Pacific Company and the two great universities. The scientific features of the undertaking will be under the direction of the latter, while the railroad company will provide the transportation and bear the material burden.

This sort of thing is new to California, but has been in vogue in other states and sections. President Hill of the Great Northern Railroad more than ten years ago took unusual action in various ways to promote settlement and increase production along the line of his road. In Iowa instruction trains have for several years been making the rounds. In the one item of improved seed corn a computation has been made to the effect that the state has benefited ten millions of dollars. That state being so distinctly agricultural, the universities and even county organizations that did not originally concern themselves about agriculture, have taken up subjects designed to improve production, and have assisted in bringing about great results.

Here in California the horticultural, viticultural and semi-tropic features of agriculture make necessary a more varied knowledge, and the train of instruction has therefore a broader field. It should accomplish much in showing the way to greater productiveness and efficiency in the primary tilling of the soil and the more intricate agricultural enterprises.

One consideration may be suggested in this connection. That is the readiness of ruralists to accept the aid of and even seek instruction from science. They welcome the university man who has studied the problems that have arisen in their pursuits, whereas formerly they were more inclined to scoff at him. Hardly a generation ago it was all but generally held that the only way to get along in agriculture was by main strength and awkwardness; that good crops depended more on muscle, manure and luck than discriminate cultivation and selection of seed, appropriateness of crop to soil and general headwork. Josh Billings' skit about the book agriculturists who wouldn't dig a posthole without first having the soil analyzed to see it it contained the proper ingredients for postholes was born of the then prevalent contempt for the scientific farmer.

The progress in quite recent times is well illustrated in this changed attitude. It is generally recognized that the man equipped to examine into cause and effect as they concern the various branches of agriculture is a valued ally of the man who is engaged in the effort to wring from Mother Earth the products held in solution in her soil.

The man who fell in and kept afloat through his cork leg is a much revered character of the story-telling drummer; but a San Francisco paper yesterday located him off Folsom-street wharf, and had him "reskied" by two sailors who were cruising in the vicinity.

It is positively, though not authoritatively, stated that President Roosevelt is to speak in New York City before election day. The psychological moment must be drawing nigh again. When it arrives the President is sure to be on hand.

At last accounts the jury in the Ruef case was closely guarded, and it is thought no member of the body can escape. The next jail that is built may be largely planned with reference to the incarceration of juries summoned to try malefactors. It is expensive to maintain cordons around them in the big hotels. The need of jails for the malefactors is not so pressing, for if their offense is flagrant enough, they are set at large coincidentally with the incarceration of the jury impressed to try them.

—Des Moines Register and Leader.

A bet never decides a thing, but sometimes it is an interesting straw indicating the direction of the wind. It is understood that money is to be had at a sporting center of San Francisco at the ratio of 10 to 4 on Taft, even on Hughes, even that Murasky has 2000 majority in San Francisco, $1000 to $800 on Congressman Kahn, even on Congressman Hayes and even on Judge Cook.

October 20 Chester Rowell, the reformer from the raisin belt, is to speak before the Berkeley Lincoln-Roosevelt League Club. As he and the League progress fealty to Taft, the wonder is who is staked out for a libelling. It would be innocuous for the chief proponent of the League to merely lambast Democrats.

Senator Sanford of Ukiah, speaking of State prospects, "sees a Bryan wave in the North." We are of the deliberate opinion that Senator Sanford should look again, and if he doesn't do better the next time, consult an oculist.

The Hon. M. F. Tarpey, on a visit to San Francisco, reaffirms his intent to vote for Taft. Considering the stalwart he had always been on the other side, this attitude is not without its interesting features.

It is stated that Mr. Kern, who is Mr. Bryan's "me, too," carries only a tooth brush as baggage on his campaigning tours. This gives rise to the query, what does he do with it?

One juror was still needed this morning in the San Francisco case of J. J. Lynch. All eligibles are in hiding, but it is thought one will be run down within a day or two.

The Examiner is to the effect that "local Republicans totter." Justification for these words in a heading is hardly realized by a perusal of the article that follows.

The Balkan cloud is not hanging as low as it was a week ago, but the little fyste nations involved in the imbroglio are still snapping and fussing.

Mrs. Howard Gould wants more alimony. She has so far received but $766,000, and her lawyer doesn't see how she is going to eke out.

Mr. Haskell has had the papers served on Mr. Hearst in a libel suit, and notwithstanding, Mr. Hearst says it again.

SOCIETY NEWS of the WEEK

MISS MARCELLA SPENCER
—Schatz Photo.

the winter—for many of the hats are fearfully and wonderfully made.

One has heard a good many times this week that funny quotation from the Orpheum, when the little waif says:

"This isn't a feather. This is a whole chicken—Spareribs caught it for me."

How many times when we look at our neighbor's new hat do we want to smile, and say softly, "Spareribs caught it for me!"

And many people have plunged into the study of French with a mad energy, there are the conversational lectures, and the lovely talks by Mademoiselle Soulas, given at the Ransome School

Mademoiselle Soulas has a most fascinating voice, and such perfect French that it is a rare pleasure to listen to one of her delightful lectures. She takes one through the beautiful chateau country of France that is so picturesque and charming.

One may take the whole course, or any lecture that one may choose, the whole series offering a rare opportunity for students of French.

The conversational class at the Ebell Club has also many students, and, indeed, Oakland has many prominent women who are very good linguists, and who spend a great deal of time in study, especially in the study of French. Among the good students are Mrs. Willard Barton, Mrs. T. L. Barker, Mrs. Remi Chabot, Mrs. Wallace Everson, Mrs. Oscar Lunding, Mrs. Harry Chickering, Miss Florence Henshaw, Miss Ethel Moore, Mrs. E. H. Benjamin, Miss Anita Thomson, Mrs. Leon Bocqueraz, Miss Louise Mahoney, Mrs. Wallace Alexander, Mrs. Oscar Long, Mrs. Sam Breck, Mrs. H. C. Taft, Miss Chrissie Taft, Miss Sevilla Hayden, Miss Marion Everson, Miss Elise Everson, the Misses Mohler, Mrs. Orestas Pierce—but the list is almost without end of those who take time for serious study along uplifting lines.

ANOTHER ATTRACTIVE BRIDE.

Never in many years has there been such a shower of attractive brides-elect—and now this week another one is added to the already long list, for on Thursday Mr. and Mrs. Horry Meek announced the engagement of their daughter, Harriette Meek, to Mr. Stuart Samuel Hawley. The engagement was announced at an elaborate luncheon given at the Meek home near San Lorenzo, when twenty-five of the young friends of the bride-elect were delightfully entertained.

Mr. Stuart Hawley is a graduate of the university, a young man of much promise, and associated with his father in important business interests. The large Hawley home on Vernon Heights has represented for many years one of the prominent homes of that section of the city.

Harriette Meek is the daughter of Mr. and Mrs. Horry Meek, and their home at San Lorenzo is one of the oldest in the county, the Meeks being originally among the pioneers of the State.

The Horry Meeks are among the most hospitable families in the State, and the young people of the home have entertained their friends in the cordial, happy fashion that has made their home historic.

The luncheon in honor of Harriette Meek on Thursday was a most delightful affair. Automobiles and carriages met the guests at San Lorenzo, and conveyed them to the Meek home. The twenty-five young guests were seated at a long table, presided over by Miss Gladys and Miss Harriette Meek.

The table was most artistically decorated in carnations, and the favor for each girl was a charming bunch of the same flowers, and a name card with a sketch of carnations, done in water colors.

With the name card was a small envelope, on which was inscribed the important word, "Announcement," and in the envelope were the names, Stuart Hawley and Harriette Elizabeth Meek.

The announcement came as a complete surprise to the guests. Usually it is almost impossible to keep an announcement so important a surprise, some one is sure to betray the delightful secret. But at the Meek luncheon the important secret was kept till the last moment, and the surprise was complete. There were many good wishes for the young bride-elect, and the happy news added to the charm of the luncheon.

After the elaborate luncheon there was an interesting game of bridge, the prizes being won by the Misses Hawley, Miss Lillie Reed and Mrs. Havemeyer. The guest of honor at the luncheon was Miss Josephine Deming of Santa Cruz, a school friend of the Misses Meek, and now their guest at San Lorenzo.

Among the young people invited to the luncheon were Mrs. Roger Chickering, Mrs. Harry Chickering, Miss Katherine Brown, Miss Anita Thomson, Miss Ruth Kales, Miss Rose Kales, Miss Elsie Schilling, Mrs. Roy Somers, Miss Sophie Calligos, Miss Margaret Jones, Mrs. Boswell King, Miss Ruth Houghton, Miss Florence Henshaw, Miss Gertrude King, Miss Clarisse Lohse, Miss Marion Welsh, Miss Beatrice Simpson, Miss Ruth North, Miss Madeline Clay, Miss Arline Johnson, Miss Josephine Johnson, the Misses Hawley. The wedding of Mr. Hawley and Miss Meek will take place some time next summer.

ANOTHER BRIGHT BRIDE-ELECT.

Another bright bride-elect has been added to the list of the young girls whose engagements are announced in these autumn days. One of the interesting social news notes of the hour brings the announcement of the engagement of Miss Muriel Kelley of Piedmont and Frank C. Dorcmus of Santa Barbara.

The Kelleys represent one of the best known families in the Piedmont district, and Muriel Kelley is very popular with the younger set of girls who were her schoolmates.

She was a guest this summer at the Dorcmus home in Santa Barbara, where she met her fiance.

The happy engagement was announced at an informal afternoon at the Kelley home in Piedmont, the guests including the bride-elect's intimate friends of earliest school days.

Among the young girls at the tea were Miss Gladys English, Miss Clara English, Miss Dorothy Kelley, Miss Elsie Campbell, Miss Charlie Sharp, Miss McElrath, Mrs. L. Arthur Kelley, Miss Patty Chickering, Miss Jay Morrow, Miss Majory Coogan, Miss Bessie Craig and Miss Irene Banga.

ADMIRAL'S FAMILY TO RETURN.

Admiral and Mrs. Kutz, with their sons and their daughter, Mrs. Arthur Crist, are planning to return to Oakland next week. They have taken a very picturesque residence in the Linda Vista district, where they will entertain their friends this winter.

SOCIETY FETING BRIDES ELECT.

The social entertainment of the month seems to center largely around the brides-elect, all of whom seem to have many friends anxious to plan complimentary dates for them.

Miss Blanche Laymance has set a November date for her wedding to Mr. Leslie Rice, the wedding to be solemnized at home, and the guests to be mostly from the relatives of the two families.

The Laymance family connection is a large one, so the wedding list will be long. In the days before her wedding, Miss Laymance is the complimented guest at many delightful affairs.

Mrs. Schrock entertained for her this week at the large home of the Schrocks in East Oakland. Cards offered the amusement of the afternoon, and a stocking shower was a pleasant surprise to the bride, who thereby added some exquisite gifts to her trousseau.

Mrs. Ernest Porter entertained this week at her home in Alameda for Miss Laymance, at an interesting and very elaborate luncheon.

Another luncheon hostess will be Mrs. Walter Kellogg, formerly Miss Florence Britton, who was one of Miss Laymance's earliest school friends. Mrs. Kellogg has a most delightful home, very artistic, and she inherits all the genius for hospitable entertainment so long characteristic of the John Brittons.

A DESERVING BRIDE-TO-BE.

One hears that Miss Edna Lehnhardt is sweet enough to thoroughly deserve all the social honors which have simply been showered upon her in the months since her engagement to Mr. Cowing of Alameda was announced.

One hears that she could not possibly accept all the favors her friends would have offered her—there were not days enough in the calendar.

The Lehnhardt-Cowing wedding is to be one of the most elaborate affairs of the year, with nothing spared that can possibly add to its brilliant effect. Miss Lehnhardt has the most superb trousseau seen in Oakland in many a day. Much of it represents the magnificent handwork of the Technical school. The trousseau is most elaborate, very beautiful, and one of the most artistic seen anywhere around the bay in many months.

The Misses Mary and Anne Frank-Earle are to be in Miss Lehnhardt's wedding party, and they were hostesses at a dinner dance, delightful in every way, at the Claremont Country Club last Saturday evening.

Mrs. John Dibert and Miss Anne Franck gave an informal tea in their new home on Grand avenue, and Miss Frances Williamson is to entertain at a thimble bee.

On October 22, Miss Lehnhardt herself will be the hostess at an elaborate luncheon, entertaining her guests at the Fairmont. After the luncheon the guests will adjourn to the theater, and this compliment from the bride will be a fitting conclusion to the festivities before the wedding.

VISITS HER OAKLAND HOME.

Mrs. Cryon, who was formerly Miss Minnie Mathews, is here on a visit, and is with her mother at the family home of the Mathews on Webster street. Mrs. Cryon's home is in Ireland, where the late Mr. Cryon purchased a large old family estate, and Mrs. Cryon plans a return to her home there before the winter holidays.

NEW HOME OF THE MATHES.

Mr. and Mrs. D. H. Mathes have taken the large Holt residence on Madison street, and will set up their own establishment there in the near future.

Their daughter, Miss Mollie Mathes, is one of the most popular girls over here, very much loved by people in all the many different sets.

DANCES DIVIDE INTEREST.

The young people are greatly interested in the fact that there are to be two sets of dances this winter, both assemblies. It was decided by the usual patronesses to send out Friday Night invitations, and so have the dances at Maple Hall, with popular, capable Mary Hallahan to look out for the supper.

It is well understood now that the Home Club is too inaccessible for dances, and the large evening affairs this winter will be at Maple Hall, or at the hall of the Ebell Club.

The Friday Night Club will include the debutantes of the winter and some of the older girls, who have been out a season or two, and as these same girls are still very young and not long to college, they have come out earlier than usual.

The patronesses know full well how to make the parties successful, and having daughters of their own, they are always genuinely glad and sweet to the young daughters of other families.

Among the patronesses who are much in an unofficial fashion to make the Friday night dances a success are Mrs. Edward Walsh, Mrs. T. C. Coogan, Mrs. G. A. Chase, Mrs. D. H. Mathes, Mrs. M. W. Kales and Mrs. Sims of Berkeley.

The other Friday Night assemblies will be equally popular, and the success goes without saying, if Willard Barton has anything to do with the plans. One hears they are also to be given in Maple Hall, and that they are planned along the lines which have made the Greenway assemblies the most popular ones that San Francisco has ever known.

The supper is also to be under the direction of Mrs. Mary Hallahan and that means the best in its way possible on the coast.

The guest list will include the young matrons, many of whom are still very young indeed, the brides of the year, the brides-elect, and many of the bright young girls, who are planning to accept this year for both the series of dances.

The patronesses for these Friday assemblies are Mrs. Oscar F. Long, Mrs. Edward Walsh, Mrs. Edson Adams, Mrs. Frank L. Brown, Mrs. George Greenwood, Mrs. A. W. Havens, Mrs. George McNear Jr., Mrs. Orestes Pierce, Mrs. George Wheaton, Mrs. Willard Barton, Mrs. Remi Chabot, Mrs. Minor Goodall, Mrs. William G. Henshaw, Mrs. William A. Magee, Mrs. William Pringle, Mrs. William Lewis Oliver.

MADAM GADSKI HAS SAILED.

Madame Gadski, with her daughter and her accompanist, Frank La Forge, sailed for New York Tuesday on board the Kaiser Wilhelm der Grosse. Madam Gadski, in her concert tour, is coming to Oakland, and among her friends here are Mr. and Mrs. Oscar Lening.

MISS ALBRIGHT IN THE EAST.

Miss Violet Albright is to spend the winter in the East, devoting her time to the study of music. One hears that she is doing wonderful work with her beautiful soprano voice, and of course the best of training is possible in New York.

Miss Albright is to spend the winter with relatives in Philadelphia, going to New York twice a week for lessons.

MRS. OLIVER ENTERTAINS.

Mrs. Roland Oliver (Marion Smith), gave one of the largest and most delightful card parties of the year, at her home in Vernon Heights.

Three of the well known brides-elect of the year were the guests of honor, Marion Walsh, Pansy Perkins and Katherine Brown.

A feature of this year's entertaining seems to be the beautiful decorations, and the artistic Oliver home on Vernon Heights was a bower of bloom.

Gorgeous chrysanthemums adorned the hall, and the dining room was a wonderful study in color effect, the design carried out in beautiful pond lilies. The game of the afternoon was "Five Hundred," and the prizes were won by Miss Katherine Brown, Mrs. George Jensen and Miss Ruth Knowles. It was one of the largest card parties of the season, the hostess, Mrs. Oliver, having invited the friends of her guests of honor.

Mrs. Oliver wore a most becoming gown of white chiffon, with hand-painted roses, a most becoming gown, and she looked exceedingly well.

She is a most charming hostess, and all her friends have always known what a sweet unspoiled girl Marion Smith has been. She is equally attractive as a bright young matron in her own home.

She is simply an ideal hostess, very dear and sweet, most unselfish in every way, and so it is not any wonder that her card party was one of the successes of the year.

Mrs. Oliver was assisted in receiving by her bright sister-in-law, pretty Mrs. George Jensen, and Miss Florence Brown, who is such a popular member of every receiving party, helped to make the guests welcome.

Miss Katherine Brown wore a handsome gown of pink chiffon with hand embroidered roses, and Miss Pansy Perkins wore a handsome gown of lace with pink effects.

Miss Marion Walsh was in pale yel-

low, and the three brides-elect made a most attractive picture.

Among the young matrons at the card party were, Mrs J. Lorin Pease, Mrs. George Gross, Mrs. George Jonsen, Mrs. Hugh Goodfellow, Mrs. Bernard Miller, Mrs. Fred Dieckmann—and indeed Mrs. Oliver asked all the young matrons who are her friends, to be her guests.

The list of young girls was a large one, including the happy maids who are to make up the wedding parties, and all the guests enjoyed a merry afternoon, at one of the largest and most brilliant card parties of the year.

ARCHBISHOP'S JUBILEE.

In San Francisco much in a social way has centered around Archbishop Riordan's Jubilee, for in all the large organizations there have been many compliments planned in his honor.

Among the prominent people interested in the receptions have been Mrs. Elinor Martin, the De Youngs, Mrs. J. M. Driscoll, Mrs Andrew Welsh, Mrs. Vincent de Laveaga, Mrs Downey Harvey, Mrs. Oscar Cooper.

Oakland was equally interested, and among the prominent people who went across the bay for the jubilee were Mr. and Mrs. J. T Moran.

HOSTESSES OF THE WEEK.

Among the hostesses of the week was Mrs. Mailer Searles, who entertained at bridge, at her home on Walsworth avenue, the complimented guest of the afternoon being Mrs. Frederick Cutting.

Mr. Cutting was ill for many months and Mr. and Mrs Cutting have just returned from a trip abroad.

Mrs. Searles afternoon was a welcome home to Mrs. Cutting, and mutual friends of both were the guests of the afternoon.

Mrs. Searles, who is very bright and clever, was Miss Clara Cliff, and she is usually assisted in receiving at her home by her sisters, Mrs. Lee Cole Burnham, Mrs Irving Lundborg, and Miss Jean Cliff.

The Frederick Cliffs, the Searles, the Lundborgs and the Burnhams all have homes in the Linda Vista district and they make up a most interesting family circle

Mrs. Searles' guests greatly enjoyed the afternoon at "bridge," which afforded a hearty welcome home to Mrs. Cutting.

MR. CRELLIN IS BETTER.

Everyone is glad to hear that Mr. Crellin is so much better this week, and one hopes for him many better days in the immediate future.

The Crellins have many very dear friends, and it may be truly said of them they deserve the sincere friendships which fate has sent them all. One missed the Crellins and Chabots at Miss Anita Thomson's tea, for they are so much a part of every gathering, where our well known friends are represented.

Mr. Crellin's illness has taken such a favorable turn that everyone is most hopeful for him

MRS. ROSENFELD'S BRIDGE.

Mrs. Henry Rosenfeld's large bridge party on Thursday was one of the delightful affairs of the early season. There were ten tables and as many prizes of dainty workmanship. The guests were received by Mrs Rosenfeld, who wore an exquisite gown of white embroidered silk crepe; by Mrs. M. B. Nicholson, Miss Laura Nicholson, Mrs. A. A Long and Miss Belle Nicholson Later in the afternoon Miss Carrie Nicholson, who is convalescing from a serious illness, came down to see the guests. The party was in honor of Mrs. W. H Richardson and Miss Julia Richardson of Texas. Among the handsomely gowned young matrons and maids were Mrs. Wickham Havens, who wore a directoire gown of old rose satin, magnificently hand-embroidered. With this dress was worn a black plumed hat. Mrs. Harold Havens wore a pink gown with a hat with iridescent plumes; Miss Marion Walsh was attractively gowned in pink. Mrs. Charles Minor Goodall wore a gown of pale blue satin. Mrs Hammer wore gray, Mrs. Frederick Morse wore a handsome light gown, as did Mrs. Frank Watson. Mrs. A M. Walsh, Mrs. George de Golia, Mrs. Allender and Miss Hattie Hall

CLOSING NIGHTS OF WARFIELD.

The closing nights of the long engagement of David Warfield found many Oakland people across the bay, as this distinguished stranger was not playing in Oakland at all. Every regular theater-goer crossed the bay to see the "Music Master," and a great many went over for the "Grand Army Man" as well though the latter play was, of course, inferior. Automobile parties were the rule every night.

CARD CLUB REORGANIZES.

The East Oakland Five Hundred Club has reorganized and has begun its sixth season most auspiciously. Mrs. J Walter Scott is president this year, and the first meeting was held at her home. It took the form of a dinner for twenty-four, and after dinner the club held its first meeting, playing for most attractive prizes. Last Sunday the club went in automobiles to Hayward, where a delightful picnic luncheon was enjoyed. On Wednesday evening of this week Mr. and Mrs Gilbert L. Curtiss entertained the club at dinner at the St Mark, afterward adjourning to the Curtiss home, where cards were played.

ARE IN MOURNING.

Mrs. Robert Knight and Mrs. Dieckman are declining invitations at present because of the recent death of Dr Dunn.

TOURING IN THE GRAND CANYON.

Dainty pink-lined notes have been received by the many friends of Mrs. Charles Bentley (Florence Hush) from the Grand Canyon of the Colorado, where she and Mr. Bentley are spending their honeymoon. On their return Mr. and Mrs Bentley will reside in a charming home in Pacific avenue, and the San Francisco friends of the charming bride are greatly rejoiced that she is to be on their side of the bay.

CONGRATULATIONS IN ORDER.

Congratulations are being received by Mr. and Mrs Herbert Gee on the arrival of a son, who made his appearance in their home on October 11. The Gees are temporarily located in Oakland. Mrs. Gee was before her marriage, a number of years ago, Miss Elita Redding, the eldest daughter of Mr. A P. Redding. This is the first child in the Gee family and the first grandchild in the Redding family.

Congratulations are being received by Mr and Mrs. Charles O'Malley Cosgrave, also on the birth of a son Like the other, this is the first child and the first grandchild in the Cosgrave family. Mr Cosgrave is the brother of J. O'Hara, Dr. Millicent and Miss Patricia Cosgrave, and the young nephew will be much loved and, probably, thoroughly spoiled. There are so many fine old Irish names in the family that it will be difficult to decide upon one for his little lordship, for the Cosgraves trace their ancestry back to Brian Boru, and that is a great way.

THE MOUNTFORD WILSON TEA.

The first tea of the season across the bay was that given by Mrs. Mountford Wilson on Saturday afternoon. The beautiful Pacific avenue home of the Wilsons was blooming with flowers and pretty faces, and the affair was as delightful as only the first tea of the season can be. No subsequent tea, when everyone has seen everyone else, is ever as much fun as the tea which opens the season. The day turned out fine after all, carriages and automobiles filled the broad street, and about the house was a general air of festivity. Inside, every table, balustrade, buffet and sideboard was banked with flowers, most of them gifts to the debutantes of the day.

The large hall was filled with graceful bunches of long-stemmed chrysanthemums, whose heavy heads showered their petals on the passersby. In the drawing-room the enormous center table was banked with the gift bouquets of the debutantes. The two young ladies wore orchids and carried lilies of the valley. Miss Harriet Alexander, one of the debutantes presented, is the niece of Mrs. Wilson and Miss Elizabeth Woods is the daughter of Mrs. Wilson's closest friend. Both young girls wore simple white and both looked very pretty. Miss Alexander is a particularly winsome girl, with a face of delicate sweetness, large dark eyes and a fluff of brownish blonde hair. Her gown of soft shimmering white satin followed the lines of the Greek tunic, and was veiled with a good deal of becoming tulle Her hair was worn in the modish new Psyche knot.

A number of friends assisted Mrs. Wilson in entertaining Among these friends were Mrs William S. Tevis, in a beautiful white and pink Paris gown, Mrs. Orville Pratt (Emily Wilson) in a princess gown of dull green, with a panel of lace down the front; Mrs. Sydney Cushing, who poured the tea, Mrs. Lawrence Scott, in dark rose; Miss Margaret Newhall, Miss Martha Calhoun, Miss Gussie Foute, Miss Jennie Crocker, who wore gray; Miss Suzanne Kirkpatrick, and several other debutantes of the coming winter. The tea table was unusually dainty and attractive-looking, with its charming decoration of gardenias and begonias, and its inviting cakes and pastes. There was an unusually large number of attractive men present, and this always makes for the success of a tea.

Among the men were Mountford Wilson, W. Mayo Newhall, Frank Deering, Horace Severance, Everett Beet, Gayle Anderson, Rev. David Evans, Bradley Wallace, Eugene Lent, Charles Deering, Edwin Newhall Jr., George Newhall, Judge Cooper, Charles Crocker.

The women had the first opportunity of the winter to display their gowns, imported and otherwise, and many of the frocks worn were of notably graceful line and handsome material. This winter is a season for richness and beauty of materials and dainty organdies, voiles and all sheer stuffs are at a discount with the directoire gowns, which must be weighted about the foot to make them take the long, clinging, trailing lines so becoming to all figures. Satins and heavy satiny cloths take precedence.

Among the handsomely gowned women were Mrs Robert Bayne, who wore gray, Mrs. Willard Brown, who wore taupe, with a beautiful mushroom hat to match. Miss Marion Newhall, who wore white lace with a huge black beaver hat with a pompom of cerise ostrich tips; Miss Elizabeth Newhall, Mrs. Frank Deering, who wore a catawba directoire gown, trimmed with Irish lace and bold thread embroidery; Mrs. Charles Deering, who wore coral pink cloth, with a black and white plumed hat; Mrs. Langhorne, Mrs. Frederick Beaver, Mrs Carter Pomeroy, in black velvet; Miss Christine Pomeroy, Miss Laura McKinstry, Miss Maye Colborn, who wore a cerise hat and gown; Mrs. Eleanor Martin, Mrs. Edwin Newhall, Miss Virginia Newhall, Mrs. Charles Crocker, who wore an attractive gown of Alice blue, with trimmings of filet lace and a large plumed black hat Mrs. James Cooper, who wore gray and white, with a large black hat Miss Ethel Cooper, Mrs. Rogers, Miss Morgan, Mrs. P. E. Bowles, Mrs Irving Scott, Miss Breckenridge, Mrs. Harry Mendell, Mrs. Frederick Sharon, Mrs John Boyd, Miss Boyd, Mrs. Truxtun Beale, Miss Peggy Stow and Miss Margaret Calhoun.

COLLEGIATE ALUMNAE TO MEET IN OAKLAND.

The next meeting of the Collegiate Alumnae will be held on October 31, and will take place at the Home Club in East Oakland. So nearly is the membership divided between the two sides of the bay that there are but four more members in San Francisco than there are in Oakland, Alameda and Berkeley. Henceforward half of the meetings will be held on this side of the bay, probably at the Home Club, and the other half at the Century Club in San Francisco.

The October program will be an interesting one of music.

MRS. DUNPHY FLED WITH MONEY, SAYS SECOND HUBBY

Latest Ex-Husband Fears Former Wife Will Give Him Cowhiding

SAN FRANCISCO, Oct. 17.—Further light was thrown upon the series of matrimonial ventures which Edith M. Dunphy has crowded into her 31 years of life by the reading in Judge Graham's court yesterday of affidavits presented by J. H. Meredith, attorney for James Clay Dunphy, her most recent husband. William C. Coffey, the second of the four husbands, made an affidavit charging that she ran away from him eight weeks after they were married, taking $400 and some diamonds belonging to him. Coffey's affidavit states that the maiden name of Mrs. Dunphy was Folsom, and that when she married Coffey she had just come from Guatemala.

MARRIED IN SAN FRANCISCO.

Coffey and the then Mrs. Sunderhouse were married in San Francisco by Justice of the Peace J. B. Barry June 1, 1897. "We resided together at my house about three weeks," Coffey stated in his affidavit. "Then, while I was away, she took $400 in coin and certain diamonds belonging to me and ran away. I have never seen her since." In October of the same year she commenced divorce proceedings against Coffey. He was served with summons but says he does not know what became of the suit.

DUNPHY FEARS COWHIDING.

Dunphy fears that his ex-wife is going to cowhide him because he has publicly charged her with neglecting to obtain divorces from her three former husbands before she married him. He is seeking to have revoked the order by which he was directed to pay her $60,000.

Dunphy filed an affidavit reciting a letter from Karoline Rose, grandmother of Mrs. Dunphy, reminding him that Mrs. Dunphy had cowhided Julius Silverstone, her third husband, publicly in Portland. "Perhaps you are seeking similar justice," Mrs. Rose remarked. Dunphy said he believed the letter was dictated by his ex-wife. Mrs Rose's letter is full of bitter remarks. After stating that her daughter secured a divorce from Silverstone at a little town in Washington, Mrs Rose proceeds.

"Cowardly man, to antagonize a woman with false assertions. I would rather see differences settled by arbitration, but if that cannot be, then let it be by the sword. Sinjerfina Karolina Rose engraves you a better blow than the blacksnake coward that you are. Too weak to give up drunkenness for a lovely, beautiful woman."

WOMAN NOT GUILTY.

SAN JOSE, Oct. 17.—Though Attorney Vic Scheller still refuses to tell who it was that clouted his face during a fierce encounter in his office here on Monday evening, it has been definitely and completely established that Mrs. Celia de Zaldo had absolutely nothing to do with the affair.

...SOCIAL... STATIONERY

FOR THE BUSINESS MAN

Stationery suitable for every emergency of social or commercial life is no longer a luxury but an absolute necessity to the business man,

Observance of correct and up-to-date forms of correspondence, coupled with the right style of paper, suitably engraved, are today almost as indicative of success in business as the balance sheet of the ledger.

The man of business should always keep a supply of social stationery on hand for all personal correspondence which should never be dictated.

The well-bred man willingly observes all the nicetties of the etiquette of correspondence as will the most fastidious woman of fashion, and it is with the utmost confidence that we recommend to any gentlemen engrossed in business affairs the following distinctive letter paper for his personal correspondence.

Colonial Linen —The correct stationery for gentlemen's correspondence—ask for "Columbia" size—this paper is absolute right—the envelopes of course match.

OAKLAND GIRL IN SKETCH AT BELL

Sacred Heart Convent Graduate Has Written Clever Playlet.

Ira Robertson and his wife Dicka Emerson Robertson who was formerly Miss Dicka Cool, daughter of Dr Lu Ella Cool Walker, have returned to this city after an absence of over a year. Mrs Robertson and her husband are appearing at the Bell this week in a sketch entitled "A Sad Mistake." The piece was written by Mrs Robertson herself and has made a hit with the local play-goers. Several very pretty costumes are worn in the act.

As Miss Cool Mrs Robertson was well known here. She attended the Sacred Heart Convent for many years and was graduated with high honors. She made a specialty of music while there. She is considered a pianist of considerable ability. Robertson has a well cultivated voice and in their dramatic work they often sing and play.

During her time on the stage Mrs Robertson has been nearly all over the United States. She spent some time in Alaska and has just returned from Utah.

It is not certain how long the couple will remain here but during their visit their friends are entertaining them.

WRECKED AEON ABANDONED

VANCOUVER, B C, Oct 17.—It has been practically decided by the underwriters to abandon the wreck of the steamer Aeon which several weeks ago struck on a reef off Christmas Island. It was at first thought that the steamer might be salved and there was some talk of Lloyd's dispatching a salvage expedition from Vancouver or Victoria.

The interest in Benjamin Fay Mills' Sunday afternoon addresses has increased with each week and this Sunday he will speak at 3 o'clock at Maple Hall on "The Devil." This is the sermon which he created such enthusiasm last week when he gave it to his Sunday morning congregation in San Francisco. It is especially appropriate at this time when the play of the same name is attracting such attention. He will call his topic "If I Were the Devil" and will give an answer to the question as to what he is, the things that the old fashioned devil was supposed to do and why they are done. Admission will be free and there will be no reserved seats on this occasion.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases.

Mrs Norman R. Barndt, of Allentown, Pa., writes:

"Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness, in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

Girl and Her Suitor Disappear; Elopement Naturally Is Suspected

MISS ANNA DEAN,
Who Is Missing and Is Believed to Have Eloped.

DENVER. — The whereabouts of pretty Anna Dean, who left her home at Brush, Colo., on Sunday afternoon, still remains a mystery.

Up to the time of her departure the most favored of Miss Dean's many admirers was a young tinner named Le Roy Hughes, who had been employed in the sugar factory where Miss Dean was stenographer.

Hughes was discharged on Wednesday last and left Brush ostensibly for Denver on Saturday evening. Miss Dean purchased a ticket for this city on Sunday.

Miss Dean, who is a petite blonde, eighteen years old, was born in Lexington, Ky., and speaks with a decided Southern accent. Her father, J. W. Dean, is employed as storekeeper in the Brush sugar factory. He is said, however, to be a man of considerable means.

Le Roy Hughes is a native of Philadelphia, about twenty-three years old. He came west a few years ago and worked in Denver and vicinity for limited periods. He is tall, dark and described as a fashionably dressed youth.

Dean is exhausting every possible means to find the missing girl. Up to date no trace of her has been found.

Reflections OF A BACHELOR GIRL

By Helen Rowland

FEW object to marriage because it's a lottery. What we find fault with is that it's a swindle.

How are doctors going to make a living in heaven?

The unhappier a man can make his wife the surer he is that it's her fault.

A very enjoyable thing about fine weather is when everybody you meet doesn't talk about it.

No matter how sure a stout woman is that she is losing flesh, she is afraid to get on the scales to prove it to herself.

The way to delight a woman with a photograph she has had taken is to tell her the eyes in it have an expression you can't fathom.

TRAPS HIS WIFE WITH AN ACTOR IN A HOTEL

SCRANTON, Pa.—Accompanied by two detectives, George Colon, a wealthy general contractor of New York City, followed his wife here early yesterday morning, broke into a room in the St. Charles Hotel, occupied by Mrs. Colon and an actor named Maire, or Lemaire. The actor, believing that Colon would shoot him, made a flying leap through an open window to a convenient fire escape. He says that Colon did fire a shot at him, but the latter denies that he used a revolver, claiming the crash of the broken lock was mistaken for the discharge of a fire piece.

Scranton detectives, who accompanied the New York officers, arrested both Mrs. Colon and her companion. Later in the day they were arraigned in Judge Newcomb's court. The man pleaded guilty and paid a fine of $50, while his companion was held under $600 bonds.

Colon and his wife have not been living together for three months, articles of separation according to the story told in court by Mrs. Colon, giving her the custody of their seven-year-old child.

The women of Mexico have organized a mothers' congress, the president of which is Signora Luz Gonzales Cosio Lopez. It will hold a meeting in December, and the object as stated is to aid all mothers who need protection, advice or assistance.

REFUSED TO INDICT WOMAN WHO SHOT HER SON-IN-LAW

MRS. ELLA HORNER.

Mrs. Ella B. Horner, mother-in-law of Dr. James W. Simpson, of Riverhead, Long Island, shot the doctor while he was trying to enter her home to see his wife, Mrs. Horner's daughter. The grand jury has refused to indict Mrs. Hornor, holding that she shot in self-defense.

Spook Gave Believer Wrong Kind of Advice

DENVER, Oct 17.—A divorce complaint has been filed against Dewitt C. Rima by Mrs. Cornelia Rima, who, although an ordained minister of the Spiritualist church, seems to have been given the wrong steer by spooks when she asked their advice about marrying.

"He refused to support me, and I've grown tired of supporting him," is the way Mrs. Rima put it when seen at her home, No. 421 South Lincoln avenue.

"But what I didn't understand about the thing is how my 'guide' ever let me marry him. I have given religious counsel to hundreds of lovers and their marriages were always happy; but I sure was handed a lemon.

"The spirits told me he was a good man, and to marry him; but first make him give up the saloon business. He did this all right, but nothing was said about his doing anything else, and he hasn't done a lick of work since, but just laid around and let me support him."

"CORSETS---PARDON---A STAY FOR TAFT"

Mme. Jacques of London Says That She Has Made One for the Candidate.

NEW YORK, Oct. 17. — Mme. Jacques of London, who confesses to the years of a grandmother, but who, by reason of a setting up corset she wears, preserves the contour of youth, arrived last night on the St. Louis. She announced that she had made a special corset—beg pardon, stay—for William H. Taft. Mme. Jacques said the stay was made in sections, as might be considered natural under the circumstances.

A dark complexioned young woman, dressed in dark clothing—whereas Mme. Jacques was gowned in white—presented herself as the business head of the corset enterprise.

"Look here," she said. "Are you all irony? If you print anything about this I want you to treat it soberly and recognize the splendid, grand results of this enterprise. This is a serious business, and I will not tolerate caricatures or ridicule.

"No matter who I am. If you attempt to treat this subject flippantly you shall hear from me, and I will be after you with a big—I beg pardon—long stick."

SHE CAN'T LIVE ON LESS THAN $25,000 a Year

MRS. GLADYS MARTIN.

Mrs. Gladys Martin of Great Neck, Long Island, widow of James E. Martin Jr., seeks an annuity of $25,000 from the estate of her father-in-law on the ground that she cannot live in the society to which she has been accustomed with an income less than this.

.:. She Vows Vengeance .:.

Miss Theresa Engelherdt, of Brooklyn, a prominent and beautiful woman, was named in the suit for divorce filed by Mrs. Lillian De Severinus against her husband, Alband De Severinus, the artist and clubman. Mrs. De Severinus failed to obtain her decree. Miss Engelherdt is extremely indignant over the notoriety thrust upon her and a damage suit against Mrs. De Severinus will probably follow.

WIFE OF TWO MEN, SHE SUES HER ENOCH ARDEN

NEW YORK.—Mrs. Nellie D. Wilson of 291 New street, Newark, N. J., was a plaintiff there yesterday in an action for divorce against William L. Wilson of Jersey City, who a year ago unexpectedly turned up after an absence of ten years to find his wife happily married again.

According to her testimony, given before S. Howell Jones, special master, Mrs. Wilson was deserted by her husband two weeks after their marriage in 1897. She had formed his acquaintance only one week before the ceremony.

Hearing nothing from him for six years, Mrs. Wilson testified, she became the wife of Edmund D. Raymond, having become convinced Wilson was dead.

As the wife of Raymond, the petitioner stated, she enjoyed four years of happiness, which was abruptly ended when she received a letter from Wilson announcing that he was alive and well and that he did not propose to submit to another man claiming her. He intimated that criminal proceedings, alleging bigamy would be taken if she did not forsake her second spouse.

When convinced Wilson was actually alive, Mrs. Wilson averred, she and Raymond at once parted. She refused to return to Wilson, and he was not insistent on claiming her. He has not answered her suit, and she says his present whereabouts are unknown to her.

Judge Orders Man Not to Go Home

NEW YORK.—One of the most novel sentences pronounced in New Jersey was that inflicted yesterday on Samuel Band of 84 Governor street, Paterson, N. J., by Judge Francis Scott in the Court of Special Sessions. Band, by virtue of the court's decision, is practically divorced from his wife.

Furthermore, if Band disregards the court's decision he will immediately be sent to State prison for a year. Band's wife charged him with having beaten her and forced her to work in the silk mills while he stayed idly at home. Their only child, a girl of 18, testified in her mother's behalf and said that Band was a nuisance about the house.

Asked what disposition she wanted the court to make of the case, Mrs. Band replied that she did not care whether her husband was sent to prison or not. Band, on his knees, implored the court not to imprison him, whereupon Judge Scott ordered the prisoner to send an expressman to his house for his belongings.

"Get your clothes and luggage, if you have any," warned the court, "and if you ever go near your home or your wife, I will send you to prison for one year."

Band changed his quarters late yesterday afternoon and his wardrobe went with him.

Woman Can Travel Alone in Safety

Mary Garret Hay of the women's travel bureau in New York city says that American women began to travel alone at the time of the Columbian exposition in 1893. "Before that women traveled alone from necessity and not from pleasure," she says. The idea of taking trips came to women after the fair. Since that time women have begun to earn better salaries and they spend a part of them in going about during their vacation time, and there is no one who will pinch and save for these small trips like the school teachers.

Dies for Love in Her Rich Employer's Home

NEW YORK, Oct. 17. Heartbroken, lonely, Martha Lorenzen, pretty maid in the home of Andrew Menchenburg, at One Hundred and Thirty-seventh street and Riverside drive, last night locked herself in her room, after kissing the children, and put a bullet in her breast.

Hearing the muffled report Menchenburg ran to her door.

"Open! Open!" he cried.

Though dying the young woman obeyed. She staggered to the door, turned the lock and then fell across the threshold. She was dead when Dr. Hubek arrived from the J. Hood Wright Hospital.

"Two years ago, while traveling in Germany, the Menchenburgs found the pretty little maid in a village near Berlin, and she was persuaded to leave her fiance and come to American. Her employer said, after the suicide, that though she had never given any indication of her desperate grief, he felt sure she had pined for the sturdy German lad whom she had left in the Vaterland.

Woman Tells How to Keep 11 on $10 a Week

Rent Is Worst Problem, but Never Made Landlord Wait

ST. LOUIS, Oct. 17.—Perplexed housewives who do not see how they can pull through on $25 or even $50 a week can get a few points from Mrs. Anton Domogalia, who houses, clothes, educates and feeds a family of eleven persons on $10 a week, sometimes less and occasionally just a trifle more.

It is only when she is lucky that she has $10 a week. Often the sum is only $5 or $8 a week.

"Well, sir, I really can't tell you just how I do it," she said. "I couldn't do it, of course, if I just went out and bought at haphazard, or if I ran a bill at the grocery store. In that case, my $10 would melt away before the week had fairly begun.

"It takes a lot of figuring and good management, if I do say it myself. I have to study and study. There are some things you can spend a lot of money on, things that haven't much nutriment in after you get them.

"Now, there's bread. Some people think that all bread is alike. They pay 5 cents a loaf for it, and think they are doing the best they can, and they grumble because they have no money left at the end of the week. But bread at 5 cents a loaf is new bread, and it isn't half as good or wholesome as bread that bakers call stale or dry.

"I get two loaves of that for 5 cents. And we eat a lot of rye bread, too, which is cheaper yet and better for the children.

"Of course, we don't have meat three times a day, nor even once every day, for that matter. I am always glad when Friday comes, for the children don't expect meat that day. We are Catholics.

"A woman can waste her whole $10 on meat in a week, if she isn't careful. I try and have meat once a day at least. One day it's a 10-cent soup bone. You'd be surprised how big a bone and how much meat you can get on it for 10 cents, if you only know where to go and how to go after it.

"And then we have meat soup, with potatoes and rice in it, and some plain bread in it, and that's a good meal.

"Then I can get a whole lot of steak for 10 cents, too. Enough to go around? Yes, sir, plenty. And it's just as good meat to us as the richer folk pay 25 cents for, and just as much, too.

"Now, today we had bread and coffee for breakfast, and bread and coffee for dinner, and tonight for supper we will have bread and coffee with potato pancakes for a change.

"The thing that bothers me most is the rent. It is $10 a month, and that we have to pay. I have never made the landlord wait for it yet."

WOMEN STAND AT HEAD IN THE GAME OF ARCHERY

Mrs. E. N. Munson of Connecticut made $1000 last year raising white Holland turkeys, and, as she tells about it, the work does not seem so very hard. She is very careful with her broods and kills every chick that is not up to the mark, which shows what a woman can do when she thinks circumstances demand it, however painful the work may be

TOLD OF HIS MARRIAGE WHEN ABOUT TO DIE

NEW YORK, Oct. 17.—Everybody in Mount Vernon thought that Thomas R. Hodge, former register of Westchester county and a republican alderman, was a confirmed bachelor. He had never intimated that he was married or contemplated becoming a benedict.

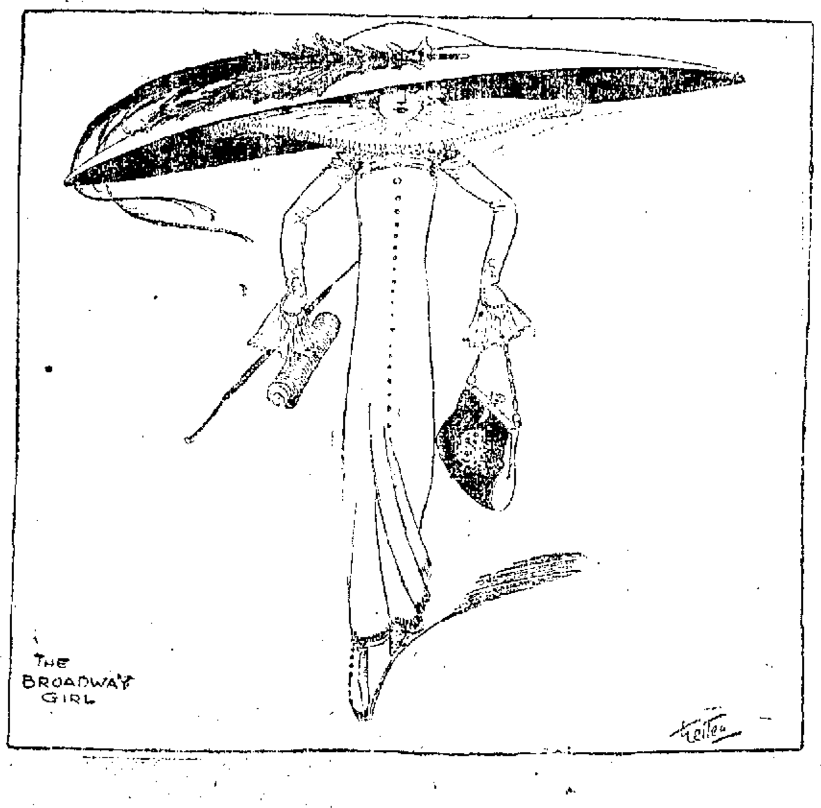

Yesterday Mr. Hodge died, after an illness of over a year, and Mt. Vernon then learned from the politician's dying statement to his relatives that in a recent visit to his native home, Penzance, Cornwall, he had married Miss Kate Redhed.

The bride, who is youthful and a cousin of Mr. Hodge, was cabled to several days ago that her husband, who was 65 years old, could not live only a short time. She is supposed to be on her way to this country now.

Mr. Hodge was a stockholder in half a dozen Westchester corporations, and leaves an estate valued at more than $100,000.

Many Unloved Maids Eager for Store Jobs

CHICAGO, Ill., Oct. 17.—Some days ago the firm of G. R. Lyon and Son, dry goods concern doing business at Waukegan, advertised for women clerks who had never been snared in Cupid's net and who were not likely in the immediate future to become involved in the meshes. The advertisement has brought many answers, whether from humorists or bona fide applicants does not appear. The mails of the past few days have brought at least an embarrassment of riches, and the firm is now at a loss how to make a decision.

One young woman, who lives at St. Cloud, Minn., writes that she feels perfectly qualified to take the job, because, although she is 40 and good-looking, she is in no immediate danger of being made a target for Cupid's arrows. However, she adds she has not yet given up hope.

Another candid young woman who holds most radical views of marriage in the abstract, writes after this wise:

"Would you please consider the application of myself and twin sister who keeps a toilette. We are both attractive young ladies of 22, have very little experience, but feel that we could very easily learn. We would much prefer good positions than seek matrimony."

Still another woman of mature years, this time, thinks that she could fit into the requirements without friction. She writes from Galesburg in this manner:

"I am a young lady of 46. I have never yet seen the man I would marry, so I feel I can fill your requirements in every particular. As far as credentials, they are of the very highest and would be glad to give them on request."

The Waukegan firm has numberless letters of the same tenor, and the sole problem is to choose among the applicants.

Bench and Bar Condemn Use of Fake Names to Hide Identity in Divorce Cases

NEW YORK, Oct. 17.—Severe condemnation of the practice of filing divorce bills in the Circuit and Superior Courts with false names for the purpose of concealing the identity of the litigants came yesterday from prominent members of the Chicago bar and bench, who have been aroused by recent cases of that character.

"Pernicious," "unprofessional" and "reprehensible" were among the terms used in commenting on this method of practicing law. While admitting that it is possible for mistakes to occur, Chief Justice Thomas G. Windes of the Circuit Court declared that any lawyer who knowingly resorts to such deception ought to be made the subject of disbarment proceedings.

2 Men and Sister Placed Under Arrest on Suspicion of Being Implicated in Brother's Death

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, Oct. 17.--As the result of falling or being thrown from the second story of the house at 16 Jasper place, John de Martini, 26 years old, was found dead this morning on the sidewalk in front of his home, with both legs and right arm broken and bleeding from wounds about the head. Rose de Martini, Giovanni de Martini and Antonio de Martini, a sister and two brothers of the dead man, were arrested on suspicion of being connected with his death.

CONFLICTING STORIES

Captain of Detectives Kelly has detailed Detective Sergeants Driscoll and McQuaide to make an investigation as it seems probable, according to the police, that there was foul play. It has been learned that there had been a social gathering at the house last night and it was the conflicting stories of the relatives which led to the arrest of the three persons whose names were placed on the detinue book.

Paul de Martini, a cousin of the deceased, accompanied by his wife, arrived from the country yesterday and John de Martini gave up his room to them, saying that he would sleep with some other relatives who occupied the second floor of the building.

HAD NOT RETIRED

A room at the front of the house was made ready for him and the last seen of him, declare relatives, was at 11 o'clock last night, when the other occupants retired. At that time he had taken off his coat and vest and was sitting in his shirt sleeves smoking. His bed had not been slept in. His body was found fully dressed except for the coat and vest, the condition of his body indicating that he had lain there for some hours. Jasper place is an unfrequented thoroughfare and it was not until his cousin, of the same name, John de Martini, who also owns the property, found him this morning that anything unusual was suspected.

The arrests were made under instructions from Lieutenant Wall, Policemen Drolette and Welch taking the prisoners to jail.

JUDGE DUNNE SEEMS ANXIOUS TO PASS SENTENCE ON BLAKE

Defendant Requests Week's Continuance, but Gets Only Few Days

(Special to The Tribune.)

SAN FRANCISCO, Oct. 17.—Judge Dunne's court room was crowded with spectators this morning who came expecting to see E. A. S. Blake sentenced for an alleged attempt to bribe John Martin Kelley, a juror in the Ruef trolley case. William J. Burns, the special detective of the graft prosecution, together with a number of his deputies, was on hand and all seemed disappointed when the matter of sentence was continued until next Wednesday.

Attorney Schooler, representing the defendant, requested that the sentence be postponed until a week from Monday, but Judge Dunne stated that he wanted the matter disposed of without unnecessary delay and peremptorily set the case down for Wednesday despite the pleadings of the attorneys. Blake is in the custody of the sheriff and a number of persons, among whom were two women, greeted him just before he was removed from the court to the sheriff's van.

Miss Margaret Illington Suffers Nervous Breakdown; Western Actress Takes Place

BOSTON, Oct. 17.—Daniel Frohman, who is here, has announced that Miss Margaret Illington, Mrs. Frohman, is ill and must withdraw from the stage for several weeks. Her part in "The Thief" will be taken by Miss Helene Wilson, a California actress.

Miss Illington's illness is of a nervous nature—a breakdown in fact. It was first manifested at the Wednesday matinee, when Miss Maud Hoeper relieved her. Miss Wilson will arrive next Monday.

Frohman said: "Miss Illington has been playing for a long time a highly emotional role, which has placed a great strain upon her nervous system. She is [illegible] requires complete rest and quiet for considerable time to restore her to health."

The Princess light opera company will then take a much-needed vacation and the house will be occupied by Kolb and Dill, the popular comedians, [illegible] by a big eastern company.

BOYS WERE READY TO 'ROB

YOUTHS FOUND ARMED FOR CRIMINAL CAREER

Taken Into Custody and Disarmed by Police, They Admit They Were Prepared to Start Out as Highwaymen.

Admitting that they were about to enter upon a career of crime, Dick Carroll, 21 years of age, and Thomas Lean, 17 years old, recent arrival from Ogden, were arrested last night on Chestnut near Sixteenth street by Policeman Greenlee and locked up at the city prison pending an investigation of their past records.

When taken into custody both young men had revolvers and highwaymen's masks in their pockets. When questioned as to their object in carrying such suspicious articles, Carroll said he and Lean had agreed to take to the highway as a means of livelihood, they having been unable to find employment and unable to obtain sufficient funds by begging to keep themselves from want. Lean agreed that Carroll was telling the truth and they were put in the tanks at the city jail.

According to the two youths they were all prepared for their criminal work last night and had marked out two victims, but their nerve had failed them at the critical moment. It was while they were standing in the street trying to arouse their courage to the hold-up point that they were observed by Policeman Greenlee and taken to prison on suspicion. With the finding of the masks and revolvers the two supposedly amateur highwaymen realized that a denial of their intentions would be useless and freely confessed that they had agreed to turn criminals for gain.

POLICEMEN RESCUE SAILOR BOY FROM BAY

(Special to The Tribune.)

SAN FRANCISCO, Oct. 17.—Joseph Madden of the United States transport Buford was on his way to the vessel, which is lying at Howard street wharf number 2, at 4:30 o'clock this morning when he stumbled into the bay and narrowly escaped drowning. His cries for help attracted Policeman J. F. Wren, who threw him a rope and, after considerable difficulty, he and Policeman J. O'Donnell succeeded in hoisting Madden, who weighs about 250 pounds, to the dock.

LOS ANGELES, Oct. 17.—Because his sweetheart married another man, Frank Reinhardt, a cabinetmaker, committed suicide yesterday by hanging himself to the head of his bed with a piece of chalk line. Caught Stealing Milk for Children

SAN FRANCISCO, Oct. 17.—Lacking money, and there was no food in the house for his wife and children, John Tor[illegible], a laborer, 53 years old, stole two bottles of milk and a loaf of bread from houses on Seventh avenue, Richmond, at 6:30 o'clock this morning and was captured almost in the act by Policeman George Ryan, who booked him at the O'Farrell street station for petty larceny.

President Cal Ewing Tells How Joe Tinker Humbled Detroit's Favorite Pitcher by Heavy Batting

ATTELL TALKS OF MEETING NELSON IN LONG CONTEST

Featherweight Should Meet Moran First and Then Talk Nelson---Lombard and Dalton Matched at Marysville.

BY EDDIE SMITH.

ABE ATTELL is still talking of meeting Battling Nelson in a 25-round contest and announces that he is willing to wait until February for the match if the Battler sticks to his declaration that he will not fight again before that time.

This is all very fine, work for Attell, who a short time ago announced that he would be willing to take on Owen Moran in a 45-round contest after the Nelson bout. Now, so far as Nelson is concerned, he has his hands full in getting rid of Packey McFarland, for the Chicago fighter is a light-weight and one in whom and this is the match they want and the one that Nelson, on account of the the public has confidence as to his ability to give them a run for their money, money it will draw him, will take.

If by chance Leach Cross should win from McFarland in their six-round bout in New York, then he will be the logical opponent for the Battler. If Attell is anxious for a long fight and wants to get busy it is said that Moran is willing to take him on in a long-distance bout, and it would be of better taste and would help him to get the match with Nelson all the quicker if he should say that he is willing to take Moran on in a long-distance bout and then Nelson.

Personally I am of the opinion that Attell can beat Moran if he will open up and fight, no matter how long the route, and why he is unwilling to take a chance with him over a long course is a mystery to me. Abe says that as soon as his nose, on which he has had an operation, heals up, he will leave for the East to join Billy Delaney.

DALTON AND LOMBARD.

The Phoenix Athletic Club of Marysville, through its matchmaker, Barney Van Buskirk, has announced that they will match Kid Dalton of Los Angeles and Harry Lombard of Canada in a twenty-round contest for their next show.

Lombard has the reputation of being the champion light-weight of Canada and has the backing of several of the game's experts who have seen him in action. About six months ago when Alvie King, the well-known horseman and referee, was touring Canada he happened in at a town where Lombard was boxing and after seeing him fight he mailed the writer a picture and long letter, saying that in his opinion Lombard was able to beat any light-weight on the coast.

Since that time Lombard has been showing up well and there is no doubt but that he will give the rough and ready Mr. Dalton a time for his life.

NELSON AND BRITT.

From George Dixon we gain the news that all is well between Willie Britt and Battling Nelson, and that there is little danger of the two splitting. This is, indeed, welcome news, for it would be a shame for Nelson and Britt to quit so soon after the Dane had won the championship, and besides this the public would not have half the chance to see the Battler in action without Britt that they will have with him as the director of the Battler's fighting affairs in his hands. Willie knows that the only way to get the money is to keep a fighter at his trade, and this is what he will try to do with the Battler.

WEST OAKLAND CARD.

The West Oakland Club, through Matchmaker Simpson, announced its card for the coming show to be held at its gymnasium next Thursday night. Toby Irwin and Arthur Allen will meet in the main event and four other six-round bouts will make up the card.

Irwin and Allen should put up a good contest, as Toby is particularly anxious to redeem himself for the losing to Ward and Allen is just as anxious to show that he is able to fight without holding on as he did in his contest with Ward.

Irwin and Allen will put up a better contest than Ward and Allen for the reason that each of the men use a different styles of flaticuffs, while in the contest of last Thursday each of the men fought too much alike.

Abe Label vs. Kid Bell, Jimmy Reagan vs. Eddie Menny and Tommy Deakin vs. Charles Lucca will make up the six-round contests and Billy Mitchell and Charlie Richardson will meet in the four-round preliminary.

Five Thousand Fans See Kid McCoy Win

NEW YORK, Oct. 17.—Five thousand fight fans crowded into the arena of the National Athletic Club to see the bout between Kid McCoy and Jim Stewart. The crowd left the building dissatisfied. The affair was so tame that it would be flattering to call it an exhibition. Stewart apparently was too badly scared to fight.

In what little fighting took place McCoy had the best of it. At the start McCoy at once resorted to his old exasperating tactics of sneering at his opponent. Stewart seemed afraid to try a single punch. He doubled up every time McCoy made a rush at him. Just before the bell announcing the end of the opening round McCoy landed a left on Stewart's chin and the big fellow dropped.

Not since the days before the repeal of the Horton law has such a representative gathering of sporting men been seen at a boxing exhibition in this city. Every one of the onlookers was anxious to see whether the old McCoy had come back or if the Brooklynite who had heavyweight championship aspirations could fill the bill. McCoy weighed about 168 pounds, fully forty pounds less than the Brooklyn man. While McCoy did not look anything like his former self he showed wonderful ability in footwork and his sparring and feinting were as clever as ever.

Belmont's strong eleven will meet the Berkeley high team on the campus of the military school at Belmont tomorrow, while the St. Matthews will engage with the Mount Tamalpais team at Burlingame. St. Matthew's and Belmont have shown well in their matche with San Francisco and Oakland teams.

BATTLES FOR LIFE WITH MANIAC IN DARK

GRASS VALLEY, Oct. 17.—Antone Morandi battled for his life with James Leahy in total darkness for a half hour yesterday morning on the Morandi ranch south of here. Leahy, insane and naked, armed with two large rocks, broke in the door of the house and Morandi, unarmed, grappled with him. After half an hour the former succeeded in throwing the maniac and his wife then helped tie him hand and foot. Leahy was taken to the county jail by Sheriff Walker. It is believed his condition is due to delirium tremens. He has been on a long debauch. He was born and reared here and is well known.

TINKER OUTWITS DONOVAN BY LANDING ON WIDE THROW

Story of a Great Game as Seen by President Cal Ewing, Who Throws New Light on Cubs' Great Work.

(By J. CAL EWING.)

CHICAGO, Oct. 11.—(By mail.)—When the Tigers can't hit they can't win. Everybody knows that of the hitting capabilities of the American League champions. Everybody knows also that ordinary hitting counts for little against such a fast fielding, well-balanced organization, as the Chicago Cubs, three times winner of the National League championship.

But I thought that Detroit had a grand chance to win today. Donovan has been pitching superb ball for the Tigers and his last great achievement when he defeated big Ed Walsh and pitched his team into the American League championship convinced me that he would be there when he was needed.

It looked good today for Detroit. Overall, an uncertain quantity and a man who generally needs the finest backing up by his team mates in order to win, had been chosen by Chance to oppose Bill Donovan, the Tigers' star twirler. With Donovan at his best I believed that Detroit would win by a very close score.

It was a grand game for seven long innings. Up to that time the Cubs had got but one lone hit, a lucky Texas leaguer, by Overall off the Detroit twirler. During that same period the Tigers had made but three hits, one the weakest sort of a scratch off Overall, and my feeling that the game was to be a pitcher's duel proved to be well founded.

But then came that fateful eighth: that lucky or unlucky hit by Joe Tinker which sailed into the center field bleachers and dashed the Tigers' hopes of winning to the grounds. Tinker, for the last two months, has figured as a breaker-up of games and it will be remembered that upon two occasions within the past month his telling drives against Christie Mathewson sent the Giants down to defeat.

And so it was today. Driving the ball to almost exactly the same spot where all of his long wicked drives of late have been directed he completely unnerved Detroit's best hope and made all of Wild Bill's grand pitching of the preceding seven innings go for naught.

DONOVAN THREW WIDE.

Strange to say the ball that Tinker hit was never meant by Donovan to come anywhere near the plate. Hoffman had reached first previously on the luckiest kind of an infield hit and with one ball and one strike on Tinker, Schmidt signalled Donovan to pitch the next one wide in order that he might intercept Hoffman on his expected dash to second.

That ball went fully a foot wide of the home plate but Tinker sizing up the play and knowing that in all probability the ball was a dead straight one, reached out to the fullest extent with his long bat and pasted it over Ty Cobb's head.

NOT COBB'S ERROR.

Some may argue that Cobb misjudged that ball but the latter had not one chance in a million of gathering it in, even with a scoop net. He started after the ball slowly, not realizing the speed with which the sphere was traveling but had he worn wings he could not have stayed it. There have been statements made lately that Seymour misjudged Tinker's fly in a New York game and that Donlin erred in the same manner in a previous game, but it seems mighty strange to me that all these alleged misjudgments should occur in the case of the same player and by experienced and high-class outfielders. They do not seem to realize that Tinker swings very hard at the ball and when he meets it, it goes.

After Tinker's hit came the deluge. Bingle followed bingle and Donovan went to pieces. Schmidt, the Detroit catcher, showed symptoms of his old weakness and let base after base be stolen on him with only a half-hearted attempt to catch the runner. Six runs was the direct cost of that timely drive of Tinker's. But for that hit the game might be going on even now.

BUT ONE SLIP.

Aside from being a pitcher's battle it was a great fielding game. The entire Chicago infield gave another illustration of the smoothness and team work that the brainy Chance has perfected. Their one error was on a hurried play from Chance to Tinker and cost nothing.

The work of the Detroit outfield was superb and the fielding of Crawford and McIntyre especially aided in holding the Cubs down.

As I said before when the Tigers don't hit they don't win. Their one hope was to get to Overall and get to him early. When their strongest batsmen, Cobb, Rossman and Crawford, failed to accomplish anything with the stick their downfall at the hands of a smooth working machine like the Chicago Cubs was assured.

The Cubs outhit the Tigers and won the game. It was hitting alone that did it.

Henry Berry, of Los Angeles, and myself will leave here tomorrow night on a special train for Detroit as guests of the Chicago team.

Bookmaker "Yellow" Kid Henry is back again to his old corner, Ellis and Fillmore. He is getting himself in shape for the winter campaign by climbing the Powell street hills.

Bookmaker Joe Rose writes from New York that he will remain in the Empire City until after the election.

"There is what they hand you at the Ukiah meeting," said the rounder who returned yesterday from that place. "On a trotting race the first choice sold for $2, the second choice was handed around 75 cents and the field for 50 cents. Now, wouldn't that rattle your slats?"

Jockey Koerner, since his return from an extensive hunting trip, looks him in flesh.

Trainer Charley Mulholland will have The Mist and Massa ready when the bell rings.

Jockey Henry Spencer (The Iceman) writes from Hamburg, Germany, that he will visit California this winter. The once famous American jockey who had a successful year abroad will leave Hamburg November 10 and arrive here about Thanksgiving. In his letter he said that he won the last year-old race of the recent meeting at Hamburg.

Jockey V. Powers was fined $50 at Louisville recently for trying to put Jockey A. Walsh over the fence.

The injury has been giving him considerable trouble.

Reginald Day, the private trainer to the Royal Gradtz Stud, has won $97,400 in stakes in Germany this season, and P. Bullock heads the winning list of jockeys in that country.

It is officially confirmed that there will be only four days of racing at Empire City, which opens week after next, the dates being October 20, 21, 22 and 24. This means open dates on Monday and Friday.

It is reported that T. Hitchcock Jr. will send Bayonet, California King, Stokes and Regal Royal to France for a steeplechasing campaign next year.

In winning the Jerome Handicap and Municipal Handicap, Fair Play has disposed of the hardest two-thirds of his task appointed before the beginning of the Belmont Park meeting. The third and remaining part is the winning of the Belmont Park weight-for-age race today. Except that it is over the longest distance of the three, this should be the easiest of them all for him. The distance is two miles and a quarter, but his opponents will have to meet him on even terms in weight.

Trainer Billy Reed of the Keenes' barn has nineteen horses in training. Ten of them, he said, will be ready for the races the first week.

ANNUAL FRESHMEN STRUGGLE WILL BE HELD AT STANFORD THIS AFTERNOON

Several hundred followers of the blue and gold left this morning on special trains for Stanford, where the fifteenth annual intercollegiate freshmen game will be played this afternoon. The greatest excitement accompanied the departure of the rooters, for with seven victories to its credit, the University of California team is going to make a great struggle this afternoon.

A. W. Elliott of this city was elected captain of the blue and gold freshmen Rugby team yesterday by choice of members of the team. The selection of captain by team vote is a new departure at the university, it usually having been left to appointment by the coaches. Elliott has been taking a leading part in the work of the team during the season, and plays a remarkable game at half.

Reports emanating from both schools indicate that this afternoon will witness one of the hottest freshmen struggles in the history of the schools. A greater knowledge of the fine points of Rugby, accompanied by superior training and college enthusiasm, make the two teams this year probably the strongest freshmen teams that have represented the rival schools. Last year's blue and gold fifteen was a remarkable aggregation, containing several real stars, but the 1908 team is particularly strong in the scrum, the passing rallies of the five-eighths and three-quarters being particularly clever and effective.

Stanford has shown great form in the scrum with the packs opposed to them, and are noted for a fighting spirit which make them dangerous at all times. In the loose, the California team is superior, their dribbling being better, and they also excel in the recovery from an offside position.

From the date on past games, neither team seems to have much advantage in the struggle this afternoon, and the annual game promises to be one of the fastest that freshmen teams have ever put up.

YALE MEETS THE SOLDIERS IN ANNUAL FOOTBALL GAME

NEW YORK, Oct. 17.—Today's football schedule contains a rich variety of attractions, the three principal games hereabouts being Yale vs. West Point, Pennsylvania vs. Brown and Dartmouth vs. Williams. They will attract the most attention though numerous other battles promise good sport. It will be the second hard game of the year for Yale. In Brown, Pennsylvania meets the most formidable opponent she has struck so far, and the result is uncertain.

Harvard and Princeton have less formidable opponents, Harvard playing the Springfield Training School eleven, and Princeton meeting the Virginia Military Institute team. Cornell has a spry opponent in Colgate, which team gave Brown a sharp tussle a few days ago.

Barnstorming Trips To Be Investigated

CHICAGO, Oct. 17.—Action in the cases of the players of the Washington American League team who took part in a barnstorming trip hereabouts this fall probably will be taken by the national commission at a meeting to be held in this city today. At the same time a petition from Chicago baseball patrons calling for an investigation of the sale of tickets for the recent world's series games will be considered.

The Washington players subjected themselves to investigation by playing games here after their season closed, in violation of one of the rules of the commission. The Minneapolis players, who also offended against the same rule, will be treated by the minor league governing board before their cases are taken up by the commission.

Billiard Notes

The lack of a sufficient number of players in what is now known as "Class B" three cushions, whose game is even enough to allow them to enter and challenge on a scratch basis has caused a change in the manner of holding the contests. The play has been thrown open to all comers on a handicap basis and the Oakland Billiard Parlor is congratulating itself on the change. This allows every class to compete and already there are a dozen challenges to take care of.

Last night Chas. Squire, the present holder of the cup, met Oaks and defeat. The match was played on a scratch basis, both playing 35 points. Oaks was in perfect stroke and the balls rolled well for him. Squire could not get going and the score for the first night's play stands Oaks 35, Squire 23.

The final play in this match will be next Monday evening at 8 p. m.

"I ain't got no money, your worship," exclaimed a coster who was fined ten shillings the other day for disorderly conduct, "but if you'll take it out in bloaters, things could be harranged as hamica as possib e."

A Jeweler's Experience.

C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cured my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. Sold by all druggists.

Would Mortgage the Farm.

A farmer on Rural Route 2, Emporia, Kas., W. A. Floyd by name, says: "Buckin's Arnica Salve cured the two worst sores I ever saw, one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c, at all drug stores.

Oakland High May Enter Indoor Meet

Two relay races, one for Catholic schools and one for the public high schools, are features of the annual entertainment of the Gaelic Club to be given at the Auditorium rink October 20. This will mark the opening of the indoor athletic season for the club, and the relay races have been scheduled for the drawing card. The distance of the race is to be one-half mile, each team to have four runners. Oakland High is expected to win the prize in the relay race, although the captain of the team has not yet announced whether or not the boys will enter.

A special 600-yard dash and a one-mile run in which several of the best local middle-distance runners have been asked to take part will constitute the remaining numbers on the program. Valuable silver cups will be awarded to the winning teams in the relay races, and medals to the winners of the remaining events. In the race for Catholic schools St. Ignatius College, Sacred Heart College and St. Mary's College of Oakland have entered teams.

In the 600-yard dash Andrew Garner of the Olympic Club expects to establish a new mark for this event on the coast.

The athletes from the Polytechnic High will play their first real game of football this season today at Recreation Park, against the Wilmerding team. During the past week, interest in football has increased with leaps and bounds, until the entire student body is absorbed in the game.

Coach Corcoran has given private instruction to every one of the players for several days past regarding the inside play of the game and the boys have studied the fine points with a zeal that promises well.

Hour frost nipped Harry Sutor's budding hopes at Valencia Park yesterday. There was a frisco of rime all over his performance, and after two innings and a half of cracking pitching, Oscar Jones twirled himself into the affection of the frozen fans by pitching one of his stellar games. The Beavers won the one performance by a score of 4 to 2. The Seals were not responsible for the defeat, for they played in a trance most of the time, even Captain Mohler missing the Beavers all over the lot to find them the laurel wreath.

The two days vacation must have been spent in keeping by the men in uniform, for the speed lever was ten notches behind the usual clutch.

Southpaw Harry Sutor gave a clever imitation of his duke last Sunday, for the man who is always supposed to win his games turned the crank when he didn't have enough gasoline in his tank to run half the race. He queered himself during the opening inning, when Casey curled a bit, Cooney bunted and Williams failed to cover the bag, making both safe. Johnson walked, followed by Danzig, who pushed the globe into right for two cushions. Casey and Cooney both scored.

In the third, Danzig and Ryan were fed and then Bassey was served from the same dish with three impossible chances. Oscar Jones then began, but got a bad start by sending across the fourth batter to Bassey, who advanced the runners. Madden forced Bassey at second, but a double steal by Ryan and Madden netted, Berry threw the ball away at second, giving two more runs.

Errors by the Beavers gave the Seals two scores in the seventh. Graney pitched great ball, making the best showing he has ever put up here, but for Madden's blunder in the seventh he would have kept the Seal slate clean. The field was wet, making fielding uncertain.

Slim Nelson Coils Around Oak Victory

LOS ANGELES, Oct. 17.—Tall and lanky Nelson had it on the Angels yesterday and Oakland ran up a score of 6 to 1 on the champions. Catching unsuspecting young Andy Briswalter with a collar hold, the Oaks chucked him clear out of the lot in the last two innings. It was a good thing for the Angels that there were only nine innings to be played.

Nelson mixed up fast ones and slow ones, which mystified Dillon's batters completely until the eighth inning, when Bernard batted successfully for the first Angel hit of the afternoon.

For once the cellar champions played real ball. Nelson was given the best support the Athenians are capable of. Truesdale, the new second baseman, managed to stop everything, fast or slow, which came his way and his fast fielding was the one feature of the game.

WHEAT PITS.

CHICAGO, Oct. 17.—The wheat market was bearishly affected by a big increase in shipments of wheat next week from Argentina as forecasted by a well-known crop statistician. WALL STREET

NEW YORK, Oct. 17.—Opening prices of stocks today receded in sympathy with the heavy tone of the London market. A decline of a point in Union Pacific was the feature. General Electric 1⅛, Canadian Pacific 1 and Denver and Rio Grande and Amalgamated Copper large fractions. There were only light transactions. There was no effective support to prices and the important stocks gradually sank until they ruled about a point below yesterday's closing. The continued pressure against Union Pacific was a large influence in the general weakness. Union Pacific declined 1⅛ and Reading 1⅛. Westinghouse Electric and Distillers' Securities gained 1⅛.

The market closed heavy and dull. Belated sales of some stocks made a show of additional declines, but prices generally were pulled up a fraction. Only the most languid interest was displayed in the market. There was some renewal of selling pressure at the last.

CHILDREN SWIM HALF MILE TO SAVE LIVES

BELVEDERE, Oct. 17. — Capsized in a canoe and forced to swim half a mile in the cold waters of San Pablo bay to a rocky island, where they spent the night, suffering from cold and hunger, was the experience of Ethel and Arthur Roberts that came to a climax this morning when they were rescued by a fisherman near San Quentin Point

Ethel, aged fourteen, and Arthur, aged sixteen, are the children of Captain Thomas P. Roberts, who retired from the sea eight years ago to make his home in this place.

MUSICAL COMEDY STILL AT THE MACDONOUGH

The Macdonough Theater is being well patronized this week, the occasion being the presentation of the popular play, "The Time, the Place and the Girl." The performance will be repeated tonight, tomorrow matinee and tomorrow evening. The musical comedy is one of the interesting plays of the season. The songs are catchy and up-to-date and the jokes are entertaining. The leading man is a comedian of no mean ability.

CHARGES HE VOWED TO KILL HER

WIFE TELLS COURT STORY OF CRUELTY

Mrs. Frances M. Hall Says at One Time Husband Threatened to Shoot and at Another to Drown Her.

Alfred J. Hall, a former policeman, came home at 3 o'clock one morning and, pretending he was a burglar by wearing a mask, thrust a loaded revolver against his wife's body and threatened to murder her, testified Mrs. F. M. Hall yesterday in her suit for divorce and for which she was granted an interlocutory decree.

She said her husband was inclined to treat her cruelly, and on the particular morning that she heard his footsteps at 3 o'clock she opened the door for him to enter. She said she knew it was Hall despite the mask and changed voice. She was given a scare, nevertheless, she testified, and determined that her only remedy was the divorce court.

Mrs. Hall also testified that one Sunday morning she was dressed up in her best clothes ready to go to church when Hall grabbed her and lathered her face and clothes with soap. When she remonstrated with him she says he beat her.

On another occasion Hall is said to have threatened to drown his spouse in the bath tub, but she saved herself by running out of the house.

ALLEGE SHE GOT SUPPLIES FROM S. P. DINER

That Mrs. Earl Smith, a negress, ran a lodging house and fed her boarders and friends with all of the delicacies of the season at the expense of the Southern Pacific Company is the contention of the police, who have arrested Mrs. Smith, Mrs. Anna Erskine and George Ellis, all colored, on charges of petty larceny. In the police court this morning, George Ellis and Mrs. Erskine pleaded not guilty. Their trials were set for October 27. Mrs. Smith was given until tomorrow to plead.

According to the complaints made, the two women and man were caught last night near the Sixteenth street station in the act of carrying away a sack full of groceries which had been thrown from one of the diners on an east-bound overland train. It is said that the women have relatives or friends employed by the Southern Pacific Company on the diners and their arrests are to follow.

SENATE CONSTITUTIONAL AMENDMENT NO. 1.

CHAPTER 27. Senate Constitutional Amendment No. 1. A resolution to propose to the people of the State of California an amendment to the constitution of the State of California providing for the separation of State and local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end amending sections one, nine, ten and eleven of article thirteen and adding to article thirteen two new sections to be numbered sections fourteen and fifteen, and repealing section ten of article eleven thereof, all relating to revenue and taxation.

Adopted March 9, 1907.

WHEREAS, It is deemed desirable to ultimately separate the sources of revenue for state purposes from the sources of revenue for county and municipal purposes; now, therefore,

The legislature of the State of California, at its regular session, commencing the seventh day of January, nineteen hundred and seven, two-thirds of all the members elected to each of the two houses of said legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the constitution of the State of California:

First. Sections one, nine, ten and eleven of article thirteen are hereby amended so as to read:

SECTION 1. All property in the state except as otherwise in this constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property," as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership, provided, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this state, or to any county or municipal corporation within this state shall be exempt from taxation. The legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this state.

SEC. 9. A state board of equalization, consisting of one member from each congressional district in this state, as the same existed in the year eighteen hundred and seventy-nine, shall be elected by the qualified electors of their respective districts, at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four years. The controller of state shall be ex-officio a member of the board. Said board shall be the successor of the present state board of equalization, whose members shall continue in office until their successors, as herein provided for, shall be elected and shall qualify. The legislature shall have power to redistrict the state into four districts, as nearly equal in population as practical, and to provide for the election of members of said board of equalization. It shall be the duty of said board to assess and levy the taxes provided for in section fourteen of this article and to perform such other duties in relation to taxation as this constitution or the legislature may prescribe. The boards of supervisors of the several counties of the state shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purposes of taxation. Such county boards of equalization are hereby authorized and empowered, under such rules of notice as they may prescribe, to raise or lower any assessment contained in the assessment roll so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll. But no board of equalization shall raise any mortgage, deed of trust, contract or other obligation by which a debt is secured, money, or solvent credit, above its face value.

SEC. 10. All property, except as otherwise in this constitution provided, shall be assessed in the county, city, city and county, town, township, or district in which it is situated, in the manner prescribed by law.

SEC. 11. Income taxes may be assessed to and collected from persons, corporations, joint-stock associations, or companies resident or doing business in this state, except those provided for in subdivisions (a), (b) and (c) of section fourteen of this article, or any one or more of them, in such cases and amounts, and in such manner, as shall be prescribed by law.

Second. There is hereby added to article thirteen two new sections to be numbered fourteen and fifteen and to read as follows:

SEC. 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties, sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loaning and other car companies operating upon railroads in this state; every company doing express business on any railroad, steamboat, vessel or stage line in this state; telegraph companies, telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies, banks, banking associations, savings and loan societies, and trust companies, and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for state purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations. All property, not exempt from taxation, except those classes of property enumerated in this section, shall be subject to assessment and taxation, in the manner provided by law, for county, city and county, city, town, township, and district purposes. Provided, that until the year 1914 the state shall reimburse San Bernardino, Placer and Yuba counties for the net loss in county revenues occasioned by the withdrawal of railroad property from county taxation.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit, and other car-loaning and other car companies, operating upon the railroads in this state; all companies doing express business on any railroad, steamboat, vessel or stage line in this state; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the state a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this state, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this state. When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state. Such taxes shall be in lieu of all other taxes and licenses, state, county, and municipal, upon the property above enumerated of such companies; provided, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this state.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit, and other car-loaning and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one-half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent.

(b) Every insurance company or association doing business in this state shall annually pay to the state a tax of one and one-half per cent upon the amount of the gross premiums received upon its business done in this state, less return premiums and reinsurance in companies or associations authorized to do business in this state; provided, that there shall be deducted from said one and one-half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this state. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, provided, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

(c) The shares of the capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business, together with all the reserve, surplus and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies.

(d) Every corporation incorporated under the laws of this state, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious and charitable corporations, and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the state upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this state, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the state upon its right to do business in this state, as follows: When the authorized capital stock of the corporation does not exceed ten thousand dollars ($10,000) the tax shall be ten dollars ($10.00); when the authorized capital stock exceeds ten thousand dollars ($10,000) but does not exceed twenty thousand dollars ($20,000) the tax shall be fifteen dollars ($15.00), when the authorized capital stock exceeds twenty thousand dollars ($20,000) but does not exceed fifty thousand dollars ($50,000) the tax shall be twenty dollars ($20.00); when the authorized capital stock exceeds fifty thousand dollars ($50,000) but does not exceed one hundred thousand dollars ($100,000) the tax shall be twenty-five dollars ($25.00); when the authorized capital stock exceeds one hundred thousand dollars ($100,000) but does not exceed two hundred and fifty thousand dollars ($250,000) the tax shall be fifty dollars ($50.00); when the authorized capital stock exceeds two hundred and fifty thousand dollars ($250,000) but does not exceed five hundred thousand dollars ($500,000) the tax shall be seventy-five dollars ($75.00); when the authorized capital stock exceeds five hundred thousand dollars ($500,000) but does not exceed two million dollars ($2,000,000) the tax shall be one hundred dollars ($100.00); when the authorized capital stock exceeds two million dollars ($2,000,000) but does not exceed five million dollars ($5,000,000) the tax shall be two hundred dollars ($200.00); when the authorized capital stock exceeds five million dollars ($5,000,000) the tax shall be two hundred and fifty dollars ($250.00).

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the state board of equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

(f) All the provisions of this section shall be self-executing, but the legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year after the adoption of this amendment and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the legislature.

SEC 15. No suit, action, or proceeding shall ever be maintained in any court against this state, or against any officer thereof, to have any tax, levied under the provisions of this article declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid; but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Third. Section ten of article eleven of said constitution is hereby repealed.

Approved March 21, 1907.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare two thousand suitable bonds in the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and counter-signed by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund," and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs, and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "Second San Francisco Seawall Sinking Fund," shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner herein above stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon, and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate line under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting

against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed, and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast, as aforesaid, are against this act, then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "Second San Francisco Seawall Act."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.'

DREAMLAND SHOW HAS INTERESTING BOUTS

Some interesting fighting in the three-round game was provided at the monthly show of the Dreamland Athletic Club last night. The men mixed lively from the first bout, and no dull moments creeped in before the main event was completed.

Lew Taylor of the Reliance Club got the decision over Charles Miller in the semi-windup, it taking an extra round for the judges to reach a decision. The mill went evenly for the original three rounds and the judges ordered the extra. Taylor had his man in a bad way in the final, but there was some protest at the decision.

Eddie Marron of the Point Lobos Club, and Henry Strummel of the Olympic Club put up an even fight in the main bout of the evening. The pugs were so evenly matched that an extra round was ordered. Marron getting the benefit.

Lawrence Granfield of the Olympic Club had a pill in his mitt for Russell Brubent, who took the count in the second round. W. Monohan knocked out George Ruchhorn in the first round. Ruchhorn was substituted for Tom Ryan. Billy Warren of the Dreamland Club hitched a poor decision onto Al Williams, colored. John McGovern lost a close decision to Fred Bennett.

After Fred Berryessa had been knocked down several times, the police stopped his fight with Eddie Lynch. The loser was fighting gamely in spite of his frequent drops. In the opening bout, John Aaron outclassed Eddie McLaughlin. Frank Schuler was referee.

ENDS LIFE IN MIDST OF CROWD

LUETGERT'S BROTHER PUTS BULLET IN HEAD

Recalls the Famous Case of the Sausage Maker in Chicago--Attracted Crowd to Watch His Death.

CHICAGO, Oct. 17.—Arnold Luetgert, brother of Adolph Luetgert, the Chicago sausage maker whose trial and conviction for the murder of his wife was one of the most sensational in the criminal annals of the country, committed suicide in a spectacular manner at Elkin, Ills., yesterday. His identity, however, was not discovered until today. Luetgert was visiting an amusement park when, to attract the attention of the crowd, he fired three shots into the air. With everybody staring at him he then sent a fourth bullet into his head.

STRANGE CAREER.

The suicide, who in his career has been a butcher, a school teacher and at the time of his death was in the real estate business, was a daily attendant at the trial of his older brother, Adolph. According to the testmony at the trial the older Luetgert killed his wife and destroyed the body by boiling it in a sausage vat. The corpus dilecti of the case consisted of a small sesmoid bone, around which the prosecution built a circumstantial structure which resulted in the prisoner being sentenced to a life term in prison. After serving a few years he was found dead in his cell one morning.

INDIAN MURDERER IS SENTENCED TO DEATH

WINNEMUCCA, Nev., Oct. 17.—In the District Court yesterday Judge Pike sentenced "Buckaroo Jack," an Indian, to be hanged Friday, November 13, at the State Prison, Carson City.

On the night of April 10, 1907, "Buckaroo Jack" followed his wife to the house of "Ox Sam," near the old post at McDermott, and, taking deliberate aim with a Winchester rifle, shot her through the heart. He made his escape, but was shortly afterward captured near Alturas, California, and returned to this county. At his trial a year ago he was convicted of murder in the first degree and sentenced to be hanged. His attorneys appealed on the ground that, both the defendant and his wife being Indians, the State court lacked jurisdiction to try the case, and obtained a stay of execution pending a decision. The Supreme Court recently sustained the judgment, when it became necessary to re-sentence the man, the original day of execution having long since passed.

The condemned man's attorneys will at once petition the Board of Pardons to commute the sentence to imprisonment for life.

KNOCKED DOWN AND INJURED BY AUTOMOBILE

(Special to The Tribune.)

SAN FRANCISCO, Oct. 17. — Mrs. Rozall Harvey, the mother of Dr. William P. Harvey of this city, who resides at the Catalasc Hotel, Eddy and Leavenworth streets, was knocked down last evening by an automobile at the corner of Fourth and Market streets. Mrs. Harvey was considerably dazed by her fall but refused to go to the Emergency hospital and was taken in the machine to the office of her son, 240 Stockton street, and treated by Dr. Harvey himself. She refused absolutely to prosecute the chauffeur, who gave his name as Gustave Boquet, and it was given out that her injuries, although painful, were not dangerous.

SCHOONERS COLLIDE IN DARK

NO LIVES ARE LOST IN OCEAN ACCIDENT

Steamer Cottage City, Helpless From Jamming Her Rudder Ropes, Carries Away Part of Lumber Boat.

SEATTLE, Wash., Oct. 17.—The schooner Bainbridge, on her way to Port Blakeley to load lumber, was in collision with the steamship Cottage City off Jefferson Head last night. The tug Tyee was towing the schooners Bainbridge and Blakeley at the time of the accident. The upper works of the Bainbridge were carried away, but no one was lost. The Tyee proceeded on to Port Blakeley with her tow after the accident.

An unidentified Italian steerage passenger on the Cottage City sustained a fractured leg and several passengers lost their belongings. Purser William Jones was thrown into the water but was rescued.

The accident was the result of the Cottage City jamming her rudder ropes. She saw the Bainbridge ahead of her but was unable to steer clear of the vessel in time to prevent the collision.

FIND 'JOKER' ON S. F. BALLOT

Ordinance Proposes to Give 82 Street Railway Franchises to One Man.

SAN FRANCISCO, Oct. 17. — The Board of Election Commissioners has placed on the ballot for the coming election a proposed ordinance granting to a mysterious individual, signing himself John J. Egan, eighty-two railway franchises, for practically all the streets in San Francisco, not now occupied by the United Railroads. This involves between 200 and 300 miles of public thoroughfares.

The members of the Board of Supervisors declare that the ordinance would not be valid if adopted, but they fear that its approval would tie up all the streets in the city through litigation for an indefinite time, and they are making an appeal to the voters to defeat the measure for that reason.

GIVES BOGUS ADDRESS.

Egan, in his petition to have his ordinance placed before the people, gives his address as 433 Larkin street. A visit to that address yesterday proved that it was a vacant store, with signs on the windows announcing that it was for rent. It has been vacant for some time, and no one in the neighborhood could be found who ever knew of John J. Egan.

City officials are puzzled regarding the identity of Egan, who has been before the Board of Supervisors almost continually since the fire for franchises.

15 PER CENT OF VOTERS SIGN.

He is described as a man of limited education, whose dress did not indicate a man of means. That he has financial support, however, has been made evident by his expensive campaign for signers to his petition, which he presented to the Election Commissioners, and which bears the names of at least fifteen per cent of the voters of San Francisco.

Realizing the danger to the interests of the city in the proposed ordinance, granting Egan his numerous franchises, John E. Behan, clerk of the Board of Supervisors, called the matter to the attention of Supervisor Henry Payot yesterday in a letter. He said:

"The first duty the Board of Supervisors owe to the people is to defeat this measure at the polls."

Incorporationists Hold Big Mass Meeting and Discuss Various Phases.

ELMHURST, Oct. 17.—Another enthusiastic meeting was held last night by the incorporationists of Elmhurst and vicinity, at the Highland Improvement Club hall on East Fourteenth street. A larger crowd than has heretofore attended these meetings filled the hall and took active part in the discussion on the question of incorporation.

Among other things discussed was the water question, the point being raised that the present minimum rate, $1.50, would be greatly reduced in event of incorporation. The question of taxes was viewed from all points, the general consensus of opinion prevailing that there would be no objection to paying taxes with some adequate return, which would be assured by incorporation.

TO PAY NO SALARIES.

It seemed to be the unanimous opinion of those present not to go further than Fitchburg and to for ma city of the fifth class, which provides for no salaried officers. The money which would otherwise go for salaries could then be put into improvements of various kinds.

It was decided to distribute circulars among the voters of the community putting forth the advantages to be obtained by incorporation and asking for each man's opinion on the matter the idea being to find out definitely the general idea prevailing with regard to incorporation.

Hereafter there will be a meeting at Highland hall every Thursday evening to discuss the important question, as it is desired to get as many as possible interested in the movement.

CHICAGO, Oct. 17.—The National Baseball Commission met here today in the office of President B. B. Johnson of the American League to consider among other things the question of the alleged sale of baseball tickets to speculators. It was announced that the commission is acting on its own initiative and solely in the interest of legitimate sport. The statement was made that during the recent world's series games here one speculator had 900 seats to dispose of and another had 500. Mr. Johnson said it was not always possible to keep baseball tickets away from speculators, but that the case presented to him would be vigorously investigated. The proposition was presented to him that next year the commission take entire charge of the tickets for the games when the two pennant winners get together.

TAFT PRAISED FOR HIS POLICY ON LABOR

President Roosevelt Reviews Candidate's Attitude Toward Organized Workmen.

CHICAGO, Oct. 17.—T. J. Dolan, general secretary-treasurer of the International Brotherhood of Steam Shovel and Dredgemen, yesterday made public a letter from President Roosevelt, answering one sent by Mr. Dolan in which Mr. Dolan declared that his organization was proud of Mr. Taft's honorary membership in the brotherhood. President Roosevelt's letter follows:

The White House,
WASHINGTON, Oct. 15, 1908.

My Dear Mr. Dolan: I have your letter of the 12th inst., and am much pleased with the copy of the article for your journal which you inclosed. Indeed, you may rest assured that if I did not believe that Taft would occupy just the position toward organized labor that I have tried to occupy, and in which you and I believe then, fond though I am of him, I would not back him.

As you know, I have never for one moment hesitated to oppose organized labor on any point where I thought organized labor was wrong, but just as little do I hesitate to stand for organized labor when I think it is right.

The administration can well afford to stand on its record of positive accomplishment for organized labor, and as regards the Isthmus of Panama, where we have most to do with organized labor, that record is Taft's. You yourself know well what the United States government has done as regards the workingmen on the Isthmus. Thanks largely to Mr. Taft, the record of the government at Panama is that of a model employer, both as regards wages and hours and as regards the housing and care of employes.

I do not believe that the laboring men of this country have ever had in office a stancher friend than Mr. Taft. The attack upon him by certain self-constituted political leaders of organized labor, if successful, would in the long run gravely damage the cause of organized labor, for these men are trying to persuade the people of this country that organized labor has interests apart from and hostile to the interests of the great mass of the American people, and such an attitude, if persisted in, would inevitably in the end result disastrously to organized labor itself.

I believe they will fail in this effort to misguide their followers and to do wrong to the American people, and it is above all things for the interest of organized labor that they should fail. If Mr. Taft were not elected the chief sufferers from the chaotic business conditions that would follow would be the workingmen. All of our citizens would benefit by Mr. Taft's election, but the workingmen most of all.

Come

Our Bungalow is completed, and will be open for your inspection on Sunday afternoon

We want everyone in the bay district to accept this notice as a personal invitation to come to 4th Avenue Terrace and see the beautiful $4000, five-room Bungalow which we are going to present to one of our customers on New Year's Eve.

We are proud of this home and want you to see it.

Come out Sunday afternoon, you will enjoy the car ride, and the fresh, exhilarating air will make you feel like a new man; the panoramic view, alone, from this district, is worth the ride and car fare.

Bring the children and spend the day in the Piedmont Hills.

If YOU are a customer of Breuner's, YOU may be the one who will receive this Bungalow, so come and see what may be your future home.

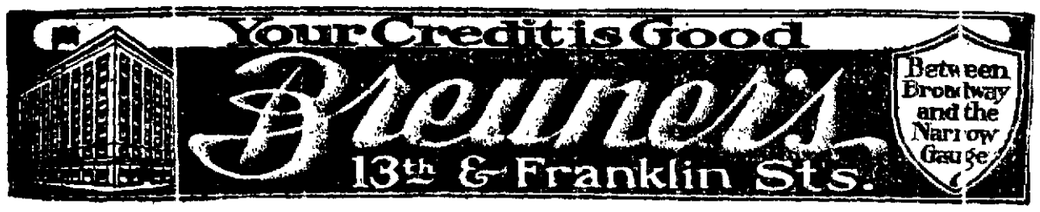

Take the Fourth avenue car that comes down Bancroft and turns east on 12th and Broadway—go to the end of the line—the conductor will guide you.

For the benefit of a few skeptic people:

There is absolutely no strings to this gift; you don't have to purchase the lot—we give it with the bungalow—large lot, too—40x125 feet; you don't have to furnish it at Breuner's—the idea is absurd—a house with our reputation cannot afford to play "pig in a poke" in any way.

Someone who has made a $5.00 cash purchase at our store will receive the deed absolutely free.

We give a certificate with each 50c purchase; save ten and you get a coupon.

GIVES STRANGER NIGHT'S LODGING; IS ROBBED

SAN FRANCISCO, Oct. 17.—The charitable impulses of Charles B. Kelly, a sailor on the U. S. S. Buffalo, resulted in his being robbed of $126 while he was asleep in his room at 146 East street early this morning. A man, whom he had met casually before, asked him for money to pay for his night's lodging. Kelly took him to his own room after treating him to a meal and woke up at 2:30 this morning to find that his purse, which was under his pillow, and the stranger were missing.

THOUGHT A BURIED TREASURY WAS HIS

While spading in front of the west wall of the Hall of Records yesterday afternoon, Daniel Denahy, county gardener, found a twenty dollar gold piece buried in the earth several inches. He looked carefully for more, thinking that he had discovered the location of buried treasure and every spadeful of earth that he upturned after that was gone over with attention. It was no use, however. The coin Denahy found was a lone one and no others materialized.
